

FOR MY LEGIONARIES

*Salut pe cei ce merg
pe marea biruință
legionară. Corneliu Z. Codreanu
1938*

The Legionary Movement in Romania, commonly known as the Iron Guard, — perhaps the oldest anti-communist movement in the world, still alive — was founded by Corneliu Z. Codreanu in 1927. **FOR MY LEGIONARIES** (353 pp., pb. \$8.00), Codreanu's stirring work is a complete and authoritative account of the ideals and principles of the Legionary Movement which shaped the character of young Romanians before WWII. Control over the communications media and the normal channels of book distribution by our international enemies makes it impossible to reach the broad market this unique book deserves. We are certain that the rapidly deteriorating political conditions will preclude a second edition, and **FOR MY LEGIONARIES** will soon become a collector's item. This book also

provides the 'missing pieces' of the drastically censored **THE SUICIDE OF EUROPE** by Prince D. Sturdza; the identity of those who masterminded Romania's takeover and who are now engaged in carrying out the same program in the U.S. will no longer be unknown to you ("Solzhenitsyn would appear to have not the slightest inkling of who conquered HIS country!"—B.C.)

THE ANTI-HUMANS by D. Bacu (307 pp., hb. \$7.00), describes what was done to the young men whom Codreanu inspired, when, seven years after his brutal murder, Romania was delivered to the Bolsheviks. They were subjected to what is the most fully documented Pavlovian 'experiment' on a large number of human beings. It is likely that the same techniques were used on many American prisoners in Korea and Vietnam. **THE ANTI-HUMANS** is a well written document of great historical and psychological importance. Reading it will be an emotional experience you will not forget ("a sequel to Orwell's 1984"—R.S.H.: "a searing expose of red bestiality!"—Dr. A.J.App).

FREEDOM OF SPEECH—FREEDOM OF THOUGHT FREEDOM OF EXPRESSION

The editor-publisher of THE LIBERTY BELL does not necessarily agree with each and every article appearing in this magazine, nor does he subscribe to all conclusions arrived at by various writers, however, he does endeavor to permit the exposure of ideas suppressed by the controlled news media of this country.

It is, therefore, in the best tradition of America and of free men everywhere that THE LIBERTY BELL strives to give free reign to ideas, for ultimately, it is ideas which rule the world and determine both the content and structure of culture.

We believe that we can and will change our society for the better. We declare our long-held view that no institution or government created by men, for men, is inviolable, incorruptible and not subject to evolution, change or replacement by the will of the people.

To this we dedicate our lives and our work. No effort will be spared and no idea will be allowed to go unexpressed if we think it will benefit the people, not only of America, but the entire world.

MORE OF THE OTHER SIDE

by Jim Taylor
(Foreign Correspondent)

For the past ten years I have been writing about the incredible but true story of how the Israelis constantly spy on both the U.S. government and every single individual in this country. But most people never believed me; despite the fact that I have seen intelligence documents which prove it beyond even a shadow of a doubt.

Now that the captured official documents of this disgraceful matter from the U.S. Embassy in Tehran have been published, perhaps more people will finally acknowledge the truth. But I doubt it, even now, that the totally brainwashed American public will become aware of the extent of Israeli surveillance of every American citizen's daily activities.

The truth is that Israel's MOSSAD, foreign intelligence service, knows all about how you vote as well as many other details about your life. Members of this terrorist organization have been posing as FBI agents in order to gain access to confidential information about all Americans. These are the same people who represented themselves as FBI men in 1979 when they bugged the room where U.S. Ambassador Andrew Young met with PLO representatives at the U.N. This, of course, resulted in Israel forcing President Carter to fire Young within 24 hours of the meeting. Not what you might expect in a 'free' nation. But it happened.

Propaganda on a scale never experienced before in history has succeeded, almost entirely, in concealing the truth from the American people. With motives of avarice and a supreme lust for power, the Israelis have become absolute masters over this nation of sheep who seem blind to what has happened.

And did you know that not one senator, not one member of Congress or even one private citizen has the courage to protest this violation of our laws?

The recent disclosure by the Washington *Spotlight* that approximately 70 percent of the U.S. Senators allow the ADL to read all mail means that you even have American Senators engaged in spying for Israel because the Israeli Embassy is furnished with the names and addresses of all who write letters to Senators containing anything uncomplimentary about Israel.

Classified American documents which were captured when Iranian militants took over the U.S. Embassy in Tehran reveal all these things and more. Thirteen volumes of these secret documents have been published in Iran and in Europe. These surveys were prepared by the CIA under the title of "Israel: Foreign Intelligence and Secret Service."

Repeated attempts are detailed as to how Shin Beth and MOSSAD penetrate American security. It reveals a case at the U.S. Consulate General in Jerusalem where a clerical employee was having an affair with an Israeli girl. A fake abortion case was rigged against this employee in order to recruit him for work against his own government.

The telephone systems of many American Embassies have been bugged for years—not by the Russians, but by the Israelis.

Many times the Embassy Marine Guards are approached with offers of money, girls, and drugs in order to get them to become informants for the Zionists. In 1969, when I was conducting an investigation on another matter in Paris, I uncovered a ring of MOSSAD agents who were trying to blackmail the Marine Guards at the U.S. Embassy into selling information about the 35 CIA men and women working out of that embassy.

But by far the most important Israeli spying takes place in the U.S., in Washington and other places. Since MOSSAD has so many agents planted in the State Department, CIA, and FBI; the Israelis always know in advance every decision made in these branches of the government. At one time, many of the IRS department heads reported tax information directly to the Israeli Embassy. And, believe it or not, Israeli agents are firmly entrenched in the Social Security Administration. When you move, get a pay raise or a new job; they know about it.

It is not by accident that almost always the National Security Advisor to the President of either party is always a practicing Zionist. At the visible end of the Zionist spectrum, let me name some people holding high rank during the Ford Administration. Included were Secretary of State, Henry Kissinger; Secretary of the Treasury, William Simon; Federal Energy Administrator, Frank G. Zarb; Attorney-General, Edward Levi; Assistant for Economic Affairs to the President, L.W. Seidman; Chairman of the Federal Reserve Board, Arthur Burns; Chairman of the Counsel of Economic Advisors, Allan Greenspan; Federal Insurance Administrator, George Bernstein; Deputy Attorney-General, Lawrence Silberman; Head of White House Civil Rights Department, Leonard Garment; Press Secretary, Ron Nessen; President's Senior Speech Writer, Milton Friedman; Mrs. Ford's Pres Secretary, Sheila Weidenfeld; Chief Librarian, Library of Congress, Dr. Daniel Boorstein; and Chief of Naval Operations, Admiral Elmo Zumwalt, USN.

Intelligent readers might reasonably ask if this is true, how come you never heard of it before. Well, I can tell you exactly the reason. Since Israel controls every television network, every magazine, every daily newspaper and almost every large radio station in the land; who is going to inform the public about it? Also, bear in mind that every television program, movie or stage play; as well as all the commercials are censored by Israelis or their U.S. shock troops, the Jewish Lobby, before you ever see them. You hear a lot about dual loyalists in our government, meaning people who have two loyalties—Israel and the U.S., in that order of preference. But, in my opinion, there is no such thing as a "dual" loyalist. Dual means two, right? These people may have American citizenship, but

they are certainly not loyal to the United States of America. Loyalty is not something which can be divided. Just as the proverbial man could not serve two masters, neither can officials serve two governments at the same time. And if they place their loyalty with Israel, I have another name for them. And you know what it is.

When I speak at universities and bring up the fact that the official government of the United States of America does not now exist as a separate viable entity, but is under the complete domination of a foreign power; students and professors often laugh in disbelief. Nevertheless, I still insist that all major decisions of our government are made in Israel, by the Israeli Embassy in Washington and by the powerful Jewish Lobby. Like the Communist satellite countries follow the Moscow line, the U.S. carries out the wishes of Israel right down to the last letter. This, in turn, means that the Zionists have their hands on your throats. There is just no more delicate or polite way to phrase it.

Since most readers probably follow the establishment press and television newscasts, you are aware of how American political decisions always seem to be exactly what Israel demands both in Washington and at the U.N. You have seen many times the U.N. voting which generally follows the pattern of something like 127 to 2 U.S. and Israel on one side and the rest of the world on the other side. It hardly seems logical to imply, as the official U.S. response always does, that Israel and the U.S. are right and that the rest of the world is wrong. That sort of unreasonable justification doesn't make sense.

So I will try to give you some other illustrations. Take a look at the historical specials on television. Examine the titles such as "The Wall," "Exodus," "QB-7," "Raid on Entebbe," "Masada," and the many versions of the so-called holocaust during World War II. Is there the slightest thing about these programs which contains something about American history? Of course not. They deal strictly with glorifying Israel and some type of Zionist propaganda. Did you ever see in recent years even one program praising American heritage? I don't think so. Did you ever see just one mention of the valiant men of the U.S.S. Liberty whose red blood was spilled into the blue Mediterranean on June 8, 1967. Were these men, who gave their lives for their country, ever mentioned on any television program? No! And you never will hear them. And did you know that the only time the names of these dead and wounded men have ever been listed in print any place in the United States was in my book, *Pearl Harbor II*? Let me pose a question. If Americans care at all about these courageous men who died in vain, how come their names have never been printed except in my book, which happens to be boycotted by all daily newspapers, magazines and bookstores in the United States?

If there is a special providence in the fall of a single sparrow to the earth, as poets and philosophers alike would have us believe, then why must the names of the victims of the Liberty attack be kept secret from the American people? It has been 15 years since these men were murdered and maimed but, as yet, there have never been any public encomiums for

them. I repeat to you that the cries of the damned have not been heard throughout the land and the naked aggressions of the Israelis have not been checked. American taxpayers are continuing to pay for more Israeli terrorist acts such as the destruction of the Iraq reactor last year.

As for Congress doing anything about this ungodly state of affairs, forget it. In 1980, when then Sen. Adlai Stevenson of Illinois was attempting to get a Senate Hearing on the Liberty attack, he couldn't even get it out of the committee. On a 15-member committee he needed eight votes. He could get only five. How does it happen that almost all of our Senators and Representatives sweep the Liberty attack under the rug and will not even discuss it? What are your elected Representatives so afraid of? They seem to have an investigation into everything else. But never will they allow the American people to learn the true facts about the Liberty. Is this the true American way?

Please allow me to give you yet another splendid example of how the Israelis control events involving your own destiny, as well as your personal liberty and freedom right in your own country. Six of the gallant men who died in the Liberty attack, five sailors and one Marine, lie buried in the Arlington National Cemetery. Now you might believe that the dedicated Zionists at the Israeli Embassy in Washington and the Jewish Lobby, plus their controlled members of Congress, would never go so far as to interfere with the final resting place of these American servicemen who died for their country. Not so! Don't ever believe it!

When the Israelis learned that six of the men they had murdered that fateful day of June 8, 1967, were to be honored by being buried at Arlington beside many other American heroes; they screamed in protest so loudly you could probably hear it all the way to Tel Aviv. The Zionists did not want these men, our honored dead, buried at Arlington. You might say it would not be any business of Israel or any other foreign nation what the U.S. does with her own dead. You'd be wrong. American business is Israeli business. To them, it's all one country—theirs! Despite this, the Navy went ahead and buried them at Arlington. However, other protests were quickly heard from the Israelis. You see, a common tombstone had been made for these six comrades-at-arms. It had a line across the granite at the bottom of it which was to have read "Killed in the Eastern Mediterranean by Israel June 8, 1967." The Israelis succeeded in forcing the mighty U.S. government to bow down to their wishes by removing the word "Israel." Now it was supposed to read "Killed in the Eastern Mediterranean June 8, 1967." But even this watered down version was strongly protested by Israel and their U.S. lobby. They didn't like the word "Killed" on it. So again the wording was changed. The final version merely reads "Died in the Eastern Mediterrean June 8, 1967."

And that is exactly how the tombstone reads today. You need not take my word for it. Go to Arlington and read it for yourself. Visitors who see this tombstone will never know that these brave men gave their lives in defense of their country. These men are doomed forever to eternally lie beneath the hallowed ground in blasphemy so as not to offend the

sensibilities of the very nation which murdered them. How's that for chutzpah? How do patriotic Americans feel about this injustice when men who died for this nation are not even allowed a proper tombstone detailing their place in history? No person reading that inscription will even know that they were killed by a vicious enemy in an unwarranted attack. When you read that these men "died" in the Eastern Mediterranean, you don't have any clue as to how they died. Visitors might think that these six brave souls died of the flu or perhaps fell overboard and drowned. No one is supposed to know the secret of these men—our honored dead.

In final analysis, let me put it to you this way. If the Israelis have enough power in Washington to control people who are dead and six feet under the ground, is it any wonder that they can control all living Americans? Think about this!

You might also watch for Israel to suddenly annex Lebanon this summer in much the same manner as the Golan Heights. First, the Israelis will blitz that disturbed nation with a large force. The occupation and finally annexation will follow as soon as they feel that world opinion will permit it. According to my CIA sources, this land grab by the Zionists has already been approved by Washington. However, to make it appear that the U.S. doesn't approve of this massive Israeli act of aggression, a weak and false American denunciation will be given wide attention in the press. Then, as usual, all will be forgiven and this Israeli expansion will be approved by the Reagan Administration. This slight delay in approval by the U.S. does not mean that Washington has any real concern for the welfare of a few million more displaced Arabs. It will be used merely to make Europe and the rest of the world judge less harshly the cruel and heartless American attitude toward the Arab world. □

Letters to the Editor

Dear George:

17 May 1982

Thanks for enabling me to find out about the real character of the poison-pen Jews; what 'Masters of Deceit' they really are! Keep up the good work of spreading this vital truth. I enclose a small check to help you further your work.

Dear George:

24 May 1982

I hope it is not too late to let you know how much I enjoyed reading the article "The Enemy of Our Enemies, by Prof. Oliver. It is so deep, yet so clear, and gives hope for the resurrection of the cradle of civilization, Germany, in old glory and splendour. Thanks to Dr. Oliver and to you, George, for having brought and printed this magnificent article.

Please continue to pound, remind and enlighten people about that world plague, the Jews; the Jews are our misfortune! This cry should again resound ever loudly from all corners of the world, from all the enslaved peoples. The Jews are vampires, and vampires, like spiders, suck the blood of their victims; so does the Jew, living off the fruits of peoples and nations whom they enslave and exploit. They are a deadly disease.

Perhaps it will interest you and the readers how Gauchiter Kube characterized this vermin:

"What the plague, degeneration, and syphilis mean in regards to health, to mankind, so is the Jew the moral equivalent to the white population."

Keep up your excellent work for our race. We need you for the day of reckoning!

Sincerely,
K.S., New York

Dear Sir:

25 May 1982

I am a Soviet citizen, Russian, married to a U.S. citizen, and live in this country since 1977.

It was only last year that I was able to lay my hands on a book (in Russian, printed in Spain!) by Andrey Dikiy, "The Jews in Russia and USSR," which FINALLY opened my eyes to reality.

I obtained the article, "Anti-Semitism in the USSR-Another Jewish Hoax," by O.V. Drtina, in the January 1977 issue of "The Liberty Bell" only a few weeks ago, and translated it into Russian.

First of all I would like to thank Mr. Drtina and you as publishers for such an outstanding research.

I have noticed a few errors and misprints, however. Here they are:

page 9, 2nd column, (6), the last name is KUNAEV, not KUNSEV, and

he is a Kajalch, not USBEK.

Page 9, 2nd column (9), first name should read ARVID, not AVRID.

Page 10, 1st column (14), GENNADIJ, not GRENADIJ.

Page 10, 2nd column (17), patronimic MIRONOVICH, not MOROVICH.

Page 10, 2nd column (18), last name KAPITONOV, not KAPITANOV.

Page 31, 1st column (4th line from bottom), Admiral GORSHKOV, not GORAHKOV.

Page 31, 2nd column (6th line from bottom) Major-General SERAFIM N. LYALIN, not SERAFIN LYANLIN.

And since yesterday's TV announcement that a Jew ANDROPOV-LIEBERMAN is a contender to Brezhnev, who is married to a Jewess, we get the best proof that the Jews ARE the ruling group in the USSR!

Please send me additional copies of this reprint.

With great appreciation,
B.V., California

Dear George:

27 May 1982

I would like to pass along to you and your readers a few comments on the CIA booklet, *The Holocaust Revisited: A retrospective Analysis of the Auschwitz-Birkenau Extermination Complex* (Feb. 1979, ST-79-10001). This is the famous CIA analysis of American WWII photos of Auschwitz. The authors admit that their interest had been rekindled by the television presentation "Holocaust." I obtained a copy of the report for \$5. from the Library of Congress Photoduplication Service, Wash. D.C., 20540. I would like to make the following six points:

1. The Auschwitz-Birkenau camp is less than 8 kilometers from the IG Farben synthetic oil and rubber facility at Auschwitz III which a photo on page 3 labels as BUNA, the German scientific term for synthetic rubber.

2. On page 5 the authors claim that Farben used British POWs at their BUNA plant. Why hasn't anyone used the testimony of these British POWs as eyewitness evidence for the Holocaust? These men were less than 8 kilometers from the daily extermination and cremation of 12,000 Jews, or so the authors claim.

3. Page 3 informs us that Birkenau had been designed to exterminate 12,000 people a day. But on page 6 the authors (Dino Brugioni and Robert Poirier) note that a rail spur under construction as evidenced by the April 4, 1944, photo is completed in the June 26 photo. If the Germans planned to kill 12,000 Jews a day at Birkenau, why didn't they complete the rail spur to Birkenau before June 26, 1944?

4. On Page 2 the authors claim that 2 to 3 and a half million people were killed at Auschwitz between the spring of 1942 and November of 1944. But 12,000 a day for 1,275 days is 15,300,000 for Birkenau alone. I would appreciate a recalculation by the authors as this is an obvious error!

5. On page 11 the authors claim that bodies were burned in the open behind the crematoria in the summer of 1944. This is in addition to the

August 1982

7

12,000 a day who were taken care of by Birkenau's normal capacity. But this is nonsense as the photos of April, 4, June 26, July 26, August 25, and September 13 reveal no smoke from the crematoria, no bodies in open pits and no Jews disembarking from trains.

6. On pages 14 and 15 the authors contradict the official Polish Investigation's assertion that Gas Chamber II and III had been destroyed by the Germans in November of 1944 as they are visible in the photos of November 29, 1944, December 21, 1944, and January 14, 1945. If the Germans stopped the exterminations in November, why did they wait until after January 14, 1945 to dismantle the evidence?

Sincerely,
D.F., Massachusetts

Hello there!

26 May 1982

Well it's been a long time since I wrote to you, but since war has broken out in the South Atlantic, I feel compelled to inquire about your stand.

Hopefully you are FOR ARGENTINA, but I wouldn't know, when I first wrote to you I said, for an Irishman to be allied to a German was strange, since our old ancient and natural enemies are the English herrenvolk, who are first cousins to the German herrenvolk. I said then and I repeat, "necessity makes strange bedfellows" and our common enemies were the talmudic Yiddish parasites who have taken over the USA.

Now we have a war between Argentina and the United Kingdom, Britain, "Great" Britain, England, or whatever it is called, and I work in a predominantly WASP town, comprised mainly of English and German types and they subvert the history of the United States and wish to return it to England and oppose Argentina. But whereas the English of Argentina refused, throughout the history of that country (with their usual lack of magnanimity), to become citizens, I would imagine the Germans who went there in droves following the collapse of the Third Reich, would have become citizens and if so, I thought you might support Argentina through your press.

How I wish I could print and had the facilities.

In conclusion, I am considering leaving for Argentina as soon as my Irish passport is renewed, but I would like to go with comrades and not empty-handed.

I am 52 years old, my children are grown, my Spanish-Indian wife probably wouldn't leave Santa Fe, N.M. (our home), but before I die, I want just one chance to send a few of these colossal, one-eyed homosexual, hypocrites to hell and, of course, if you are for the English herrenvolk, you are against Argentina and FOR your jew-owned, Anglo-minded, shit-house American press.

It would be interesting to know.

SABBATH SUPERSTITION

THE IDEA that one day in the week is better than the others and should be set apart for religious purposes; that it should be considered holy; that no useful work should be done on that day; that it should be given over to pious idleness and sad ceremonies connected with the worship of a supposed Being, seems to have originated by the Jews.

According to the Old Testament, the Sabbath was marvelously sacred for two reasons, the first being, that Jehovah created the universe in six days and rested on the seventh, and the second, because the Jews had been delivered from the Egyptians.

The first of these reasons we now know to be false, and the second has nothing, so far as we are concerned, to do with the question.

There is no reason for our keeping the seventh day because the Hebrews were delivered from the Egyptians.

The Sabbath was a Jewish institution, and, according to the Bible, only the Jews were commanded to keep that day. Jehovah said nothing to the Egyptians on that subject, nothing to the Philistines, nothing to the Gentiles.

The Jews kept that day with infinite strictness, and with them this space of time known as the Sabbath became so holy that he who violated it by working was put to death. Sabbath-breaking and murder were equal crimes. On the Sabbath the pious Jew would not build a fire in his house. He ate cold victuals and thanked God. The gates of the city were closed. No business was done, and the traveler who arrived at the city on that day remained outside until evening. If he happened to fall, he remained where he fell until the sun had gone down.

The early Christians did not hold the seventh day in such veneration. As a matter of fact, they ceased to regard it as holy, and changed the sacred day from the seventh to the first. This change was really made by Constantine, because the first day of the week was the Sunday of the Pagans; and this day had been given to pleasure and recreation and to religious ceremonies for many centuries.

After Constantine designated the first day to be kept and observed by Christians, our Sunday became the sacred time.

The early Christians, however, kept the day much as it had been kept by the Pagans. They attended church in the morning, and in the afternoon enjoyed themselves as they could.

The Catholic Church fell in with the prevailing customs, and to accommodate itself to Pagan ways and superstitions, it agreed, as far as it could, with the ideas of the Pagan.

Up to the time of the Reformation, Sunday had been divided between the discharge of religious duties and recreation.

Luther did not believe in the sacredness of the Sabbath. After church
August 1982

he enjoyed himself by playing games, and wanted others to do the same.

Even John Calvin, whose view had been blurred by the "Five Points," allowed the people to enjoy themselves on Sunday afternoon.

The reformers on the continent never had the Jewish idea of the sacredness of the Sabbath.

In Geneva (Switzerland), Germany and France, all kinds of innocent amusement were allowed on that day; and I believe the same was true of Holland.

But in Scotland the Jewish idea was adopted to the fullest extent. There Sabbath-breaking was one of the blackest and one of the most terrible crimes. Nothing was considered quite as sacred as the Sabbath.

The Scotch went so far as to take the ground that it was wrong to save people who were drowning on Sunday, the drowning being a punishment inflicted by God. Upon the question of keeping the Sabbath, most of the Scottish people became insane.

The same notions about the holy day were adopted by the Dissenters in England, and it became the principal tenet in their creed.

The Puritans and the Pilgrims were substantially crazy about the sacredness of Sunday. With them, the first day of the week was set apart for preaching, praying, attending church, reading the Bible, and studying the catechism. Walking, riding, playing on musical instruments, boating, swimming, and courting, were all crimes. No one had the right to be happy on that blessed day. It was a time of gloom, sacred, solemn, and religiously stupid.

They did their best to strip their religion of every redeeming feature. They hated art and music—everything calculated to produce joy. They despised everything except the Bible, the Church, God, Sunday, and the creed.

The influence of these people has been felt in every part of our country. The Sabbath superstition became almost universal. No laughter, no smiles on that day; no games, no recreation, no riding, no walking through the perfumed fields or by the winding streams or the shore of the sea. No communion with the subtle beauties of nature; no wandering in the woods with wife and children, no reading of poetry and fiction; nothing but solemnity and gloom, listening to sermons, thinking about sin, death, graves, coffins, shrouds, epitaphs and ceremonies and the marvelous truths of sectarian religion, and the weaknesses of those who were natural enough and sensible enough to enjoy themselves on the Sabbath day.

So universal became the Sabbath superstition that the legislatures of all the States, or nearly all, passed laws to prevent work and enjoyment on that day, and declared all contracts void relating to business entered into on Sunday.

The Germans gave us the first valuable lesson on this subject. They came to this country in great numbers; they did not keep the American Sabbath. They listened to music and they drank beer on that holy day. They took their wives and children with them and enjoyed themselves; yet they were good, kind, industrious people. They paid their debts and their

credit was the best. Our people saw that men could be good and women virtuous without "keeping" the Sabbath. This did us great good, and changed the opinions of hundreds of thousands of Americans.

But the churches insisted on the old way. Gradually our people began to appreciate the fact that one-seventh of the time was being stolen by superstition. They began to ask for the opening of libraries, for music in the parks, and to be allowed to visit museums and public places on the Sabbath.

In several States these demands were granted, and the privileges have never been abused. The people were orderly, polite to officials and to each other.

In 1876, when the Centennial was held at Philadelphia, the Sabbatarians had control. Philadelphia was a Sunday city, and so the gates of the Centennial were closed on that day. This was in Philadelphia where the Sabbath superstition had been so virulent that chains had been put across the streets to prevent stages and carriages from passing at that holy time.

At that time, millions of Americans felt that a great wrong was done by closing the Centennial to the laboring people; but the managers—most of them being politicians—took care of themselves and kept the gates closed.

In 1876 the Sabbatarians triumphed, and when it was determined to hold a world's fair at Chicago, they made up their minds that no one should look upon the world's wonders on the Sabbath day. To accomplish this pious and foolish purpose, committees were appointed all over the country; money was raised to make a campaign; persons were employed to go about and arouse the enthusiasm of religious people; petitions by the thousand were sent to Congress and to the officers of the World's Fair, signed by thousands of people who never saw them; resolutions were passed in favor of Sunday closing by conventions, presbyteries, councils, and associations. Lobbyists were employed to influence members of Congress. Great bodies of Christians threatened to boycott the fair and yet the World's Fair is open on Sunday.

What is the meaning of this? Let me tell you. It means that in this country the Scotch New England Sabbath has ceased to be; it means that it is dead. The last great effort for its salvation has been put forth, and has failed. It belonged to the creed of Jonathan Edwards and the belief of the witchburners, and in this age it is out of place.

There was a time when the minister and priest were regarded as the foundation of wisdom; when information came from the altar, from the pulpit; and when the sheep were the property of the shepherd. That day in intelligent communities has passed. We no longer go to the minister or the church for information. The orthodox minister is losing his power, and the Sabbath is now regarded as a day of rest, of recreation and of pleasure.

The church must keep up with the people. The minister must take another step. The multitude care but little about controversies in churches, but they do care about the practical questions that directly affect their daily lives. Must we waste one day in seven; must we make ourselves

unhappy or melancholy one-seventh of the time?

These are important questions, and for many years the Church in our country has answered them both in the affirmative, and a vast number of people, not Christian, have also said "yes" because they wanted votes, or because they feared to incite the hatred of the Church.

Now, in this year of 1893, a World's Fair answered this question in the negative, and a large majority of the citizens of the Republic say that the officers of the Fair have done right. This marks an epoch in the history of the Sabbath. It is to be sacred in a religious sense in this country no longer. Henceforth in the United States the Sabbath is for the use of man.

Many of those who labored for the closing of the Fair on Sunday took the ground that if the gates were opened, God would visit this nation with famine, flood, and fire. It hardly seems possible that God will destroy thousands of women and children who had nothing to do with the opening of the Fair; still, if he is the same God described in the Christian Bible, he may destroy our babes as he did those of the Egyptians. It is a little hard to tell in advance what a God of that kind will do.

It was believed for many centuries that God punished the Sabbath-breaking individual and the Sabbath-breaking nation. Of course, facts never had anything to do with this belief, and the prophecies of the pulpit were never fulfilled. People who drowned on Sunday, according to the Church, lost their lives by the will of God. Those drowned on other days, were the victims of storm and accident. The nations that kept the Sabbath were no more prosperous than those that broke the sacred day. Certainly France is as prosperous as Scotland.

Let us hope, however, that these zealous gentlemen who have predicted calamities were mistaken; let us be glad that hundreds of thousands of workingmen and women will be delighted and refined by looking at the statues, the paintings, the machinery, and the countless articles of use and beauty gathered together at the great Fair, and let us be glad that on the one day that they can spare from toil, the gates will be open to them. □

LETTERS TO THE EDITOR, continued from page 8

Dear Sir:

27 May 1982

Where are the howls and the screaming, the invective, the gnashing of teeth? Where is the thirst for blood? Where are all the establishment commentators castigating; the extremist college professors who spewed out their pro-war views in pre-World War II days and became strangely silent before, during, and after the war, regarding Communist malfeasance, and who flip-flopped and suddenly became pacifist in the Viet Nam War? Where are the establishment hack writers and their stooges—the likes of Walter Lippman and Walter Winchell, their pens dripping with smears and clamoring for war? Where are all the fear tactics once used to stir up hatred, slander and war against the German people? All noticeably absent when Communists or whoever are concerned. Although we can expect

dual loyalists dispensing their cartel control of the media and publishing houses upon the captive masses and along with hectic flag-waving a potpourri of loud, relentless military music in our ears when the mark/dollar-created bandit state of Israel's aggression becomes defensible.

Now we see Churchill's rag-tag Britain sailing off, the remnants of the Great Alcoholic's empire, that was to last a thousand years. The ghosts of Roosevelt and Churchill are tagging along behind the British fleet enroute to the Falklands—a result of their fratricidal legacy.

Sincerely,
J.B., Texas

Dear Mr. Dietz:

29 May 1982

Lately, I have noticed a couple of references to a so-called Odinst group called the Asatru Free Assembly.

I would like to warn people who are thinking about joining this group, or wasting their money on a subscription to their journal, *The Runestone*, to be aware. They are very anti-national socialist and if you are anti-Semitic, they let you know real quick that that is just a cover-up for being Christian.

Three years ago, their sister group in London, England, expelled a group of National Socialist comrades who were operating in one of their gemoots (churches).

The Asatru Free Assembly is always quick to point out that they are very much in favor of free speech, thought and belief, but when an individual chooses to follow National Socialism, they are the first to deny you these rights.

This group is more like a bunch of Kosher Conservatives.

I've been reading their material for a few years now, and the more I've read the more it disgusts me.

If you want to belong to a true White Peoples religion, look into the Odinst Fellowship [*Box 1647, Crystal River, FL 32629 -Ed.*]. Their people have been around a lot longer, and surely aren't going to deny free speech and thoughts to their members. Membership in the Fellowship is free, also.

In the A.F.A., anybody who joins after September of 1981 has to pay one percent, before taxes, of their yearly income. Sounds pretty un-democratic to me.

With Wotan Heil, 88!

Dear Sir:

1 June 1982

I was reading the *Liberty Bell* for March 1982 and noted a few of your readers were somewhat irate because you are apparently turning your back on the Hebrew/Christian Bible and Religion. I know that you cannot very well answer back and explain. But I think that I can help out, as I am somewhat in a position to acquire writings by "Professionals" that the average person may not necessarily have access to immediately.

For many years a number of "electrical instruments and products" have been used against human physical and brain bodies. These manufactured products made by man have helped to distort the American citizen's viewpoints.

The Old Testament and the New Testament are both master treatises designed to create a special pattern of "self-hypnosis" and the outside control of functions of the human body systems and brain by outside mechanical devices. One such instrument known to have been used to create the self-induced impression of "religious visions" is the hypnoscope.

"The Task Force Report on Automation in Psychiatry," The Psychiatry Assoc., Washington, D.C., details the use of the telemetry-electromagnetic-electroencephalogram in surreptitious entry human brain invasion using the BELIEF SYSTEM of the human subject (Belief System means the ideas of belief such as honor, valor, religion, morality, folk tales, etc.) It says that the machine uses a binary "sound" impulse or airwave impulse very similar to a morse code (and the sound may be audible or ultra-sound). This equipment, together with the Holograph, have been used to make the "subject" think he/she is having a religious vision or religious experience. . . .

It has been revealed that the NASA's ATS-6 Satellite has been used for projecting religious images on walls in Mexico, and a large number of people were fooled into believing they were seeing the image of the Virgin Mary or Jesus on the walls.

Information has been revealed to this writer, that the Hebrew/Christian Bible has been computerized for sound and picture projection. And it was revealed by the Washington Post that a Yoga teacher's works had, also, been computerized.

Leaving the Hebrew/Christian Religion really means turning away to seek individual self control, rather than being a subject of self-hypnosis and mind control by outsiders. The matter is serious.

Very truly yours,
A.K., Maryland

Dear George:

1 June 1982

Since the time my letter, regarding Odinism, was printed in Vol. 9—no. 9, several things have occurred that I think you and your kindred should know about.

First, I received a letter from a practicing Odinit in my area. He said he wanted to start a study group. His letter was informative about himself and his plans. After some thought I sent him a letter, but right up front I told him my politics was ultra-right and that I was a devout racist. Needless to say, that was the last I heard from him. Not a peep from this faithful of Odin!

Secondly, I received the Spring 1982, No. 39 issue of The Runestone, published by the Asatru Free Assembly. On page 17 it has a letter from a member who was all upset because he found there were "American Nazis" in the first Odinit get-together he attended. He says the movement "also

attracts a group who the Odinit movement could do without." This guy probably had a movement when he came upon those wicked Nazis.

He also states that if you want to hate Jews, join The Moral Majority. This guy thinks Falwell is anti-kike. He has a lot to learn. His letter goes on with the usual anti-National Socialist drivel.

The purpose of this letter is to stress that one should look into Odinism with eyes wide open and giving a quick turn of the head now and again to check the rear. All who say Heil Hitler and Hail Odin are not what they may seem.

For myself, I know exactly where I stand: *Unsere letzte Hoffnung: Hitler!*

Dear George:

3 June 1982

I have enclosed \$7 for 5 copies of the April 1982 issue. The comedy relief from R.D. at the end of that issue was a nice touch. Of course, the greatest music and art the world has ever known was created around the Christian legend. That's fine. It's a good story; very moving, etc. But, let's not be stupid. The Bible was no more written by God than any other book, including the Koran and Alice in Wonderland, and the doctrine espoused in the New Testament is an obvious attempt to put some poor ignorant race on the list of endangered species. On the other hand, perhaps Christianity might provide a means to rid the White Race of its more feeble-minded members—who knows?

Anyway, keep printing such tidbits of hilarity—if only to remind us that susceptibility to primitive superstition is not confined to negroes.

Sincerely,
S.D., California

I am an advocate of Arab Rights and have discovered that the same Yiddish imposters who erroneously claim Hebrew heritage are the same plotters whose Protocols are being used to destroy America from within via the legislative bodies, mass communication media, duped minorities, etc. I have recently been accepted as a member of the Presidential Task Force.

I would greatly appreciate any information or literature you may have relative to exposing the unconscionable refuse of humanity, the "Yiddish Club" of lower caste Germans, who attempted to economically strangle Germany prior to the emergence of Hitler. This is the rest of the story that the propagandists prevent from being told.

THE U.S.A. — A MELTING POT?

OF WHITE NATIONALITIES—YES! OF RACES—NO!

By Gen. R. Never

THE U.S.A.—A MELTING POT?—YES! OF RACES?—NO!

IT IS A FACT and truth of history that the U.S.A. was created by White Racists to be a White Racist society—it was NOT a melting pot of RACES; it became and was a melting pot of WHITE nationalities. There is and must be a total and absolute difference between the U.S.A. as a melting pot of White nationalities and a melting pot of Races. As melting pot of White nationalities, the U.S.A. became great! As a melting pot of Races, the U.S.A. has declined and is falling. Was the U.S.A. created to be a melting pot of Races?—No! To prove the answer to this question, we must review the history of the United States of America, its origin and beginning; who conceived the priceless principles of the Declaration of Independence, and why?

Let us start at the point in the history of the U.S.A. when the Founding Fathers were uniting against the “intolerable acts” levied against the English colonies in America—around 1770. Over ninety percent of the “people” in the colonies were from Great Britain, the others were from Holland, France, Germany, etc., colored slaves were not considered to be people. The colonists considered themselves free Englishmen with the Rights of Englishmen. The colonies and the motherland was in fact and deed, in heritage and culture, a White Racist society peopled by White Racists who owned and condoned the ownership of slaves. *There was no integration of the Races!* That was unthinkable—there were laws against integration in each colony to prevent the stupid and irresponsible people from integration and cross breeding. But the colonies of that time were all White Racist Societies, settled by White people who lived the White Race’s mores, customs, heritage, and culture. The Declaration of Independence stated to England that all Englishmen were equal, regardless of what colony they lived in, and were born with inalienable Rights which they claimed for themselves. The ten percent of colonists who were of other White nationalities also claimed these Rights of the Englishmen—colonists from Great Britain. The colonists went on to war to win their independence and set up these U.S.A. wherein only White people were citizens.

After fighting a long, terrible, and costly war for their independence as the U.S.A., and winning that war at great sacrifice, which they willingly paid as the price of independence and freedom, the White people of the United States created a new White society—a limited Constitutional

Republic wherein all responsible White men were citizens, regardless of the nation of their origin. The Declaration of Independence created a new nationality—that of the U.S.A.—Americans. All White people of all White nationalities in the U.S.A. were *Americans*. That was the melting pot of the U.S.A. All White people emigrating to the U.S.A. became U.S. citizens—and Americans—when they accepted U.S. citizenship, to abide by the mores, morality, and culture of this White society of the U.S.A. While the different White nationalities loved and cherished some of their old national customs and culture, they readily adapted to their new home with its wonderous new philosophy of the Declaration of Independence and the laws and mores as defined in the Constitution and the Bill of Rights. Thus did these U.S.A., a White Racist society, become the “melting pot” of the different White nationalities of Europe. *No colored people were “melted” in that pot! The colored people were not considered equal to the White people. The Founding Fathers, and the people they represented, were all White Racists, proudly living their White Racism in their White Racist society of the U.S.A.* This is proven by the fact that the Founding Fathers owned slaves and condoned slavery. The Founding Fathers were proud White Racists, and were in fact and deed *proud* White Supremacists. And they had every right to be proud of their White Race and White Race’s superior heritage of culture.

They also had a right to be proud of their White people’s incomparable Declaration of Independence, their limited Constitutional Republic for their White people. They also had a right to be proud of their Constitution/Bill of Rights, which was and is the most advanced, most fair and just form of government ever conceived, created, and instituted by man—and it was the White man and his White Race’s heritage and culture that did all this, that made all this possible. No Yellow man, or Brown man, or Black man voluntarily and willingly braved great oceans in small sailing ships, and fought the hostile savages to take this land, that is—that was—the greatest nation on earth. *Only the White man voluntarily* came to the English colonies—*White* Scotsmen, *White* Irishmen, *White* Welshmen, *White* Englishmen, *White* Dutchmen, *White* Frenchmen, *White* Germans, *White* Scandinavians, etc. All these *White* men of different *White* nationalities who, in the main, *voluntarily* and for many reasons, came to these shores, became Americans when they got to America. All these *White* nationalities came to America and “melted” into being Americans—*White Americans*. *There are no other kinds of Americans but White Americans.* When White people integrated into the melting pot of the U.S.A., they gave up their allegiance to their White national homeland and pledged allegiance to their new White homeland—the melting pot of White people, the melting pot of White nationalities, *obeying and following, most important of all, Natural Law.* All of the nationalities of Europe are of the White Race. Thence, when a Scotsman and a Bohemian woman marry/mate, they are mating within their Race as *Nature’s (God’s Allah’s, Thor’s, Odin’s—call it what you will) Natural Laws demand; and their progeny will be white, with the White Race’s Genetic Heritage and*

Culture—their White nationalities melt together to become Americans—White Americans.

Every colony in America had laws prohibiting integration of the colored people into the White society of the U.S.A. It was unthinkable for a White person to marry/mate with a colored person. The separation of the Races was as natural as breathing and sleeping—one does it without conscious thought. It is instinctive! Thence, in the melting pot of America, it was the different White nationalities that melted together to make Americans, and only White people were citizens, only White people of different nationalities melted together—*just as the Laws of Nature demand.*

The greatest teacher—history—proves that every society/civilization is created by the people of one Race. So, too, was the U.S.A. created by the people of one Race—the *White Race*. Every society lives that founding Race's heritage and culture. Our White people in our U.S.A. White society, living our White Race's mores, morality, common law, customs, and culture, did not have locks on doors, nor were our White womenfolk worried, when shopping or in their homes, about rape, mugging, assault, etc. But in an integrated society, a society wherein different races, with different racial cultures and heritage, are integrated, the White society—being no longer White—no longer lives the White heritage and culture of its founders. In the U.S.A. integrated society, all doors are double locked, fearful people put bars on their windows, and the womenfolk are so fearful and terrified of being mugged, raped, assaulted, etc., that they don't go out of their homes at night. Why? Because the mongrel culture of an integrated society is not the White heritage and culture, with its high morality, wherein the White individual self-restrains his acts and respects his fellow citizens' rights. The colored's racial heritage and culture is much more primitive than the White Race's heritage and culture. The White Race is far more advanced than the colored Race. You can tell how advanced a Race is in its development, by its culture, by its societies, and how it treats its women. Has any colored Race ever conceived, created, instilled, and lived an advanced society as a democracy or a republic? *No. Not in all their history.* But the White man has—many, many times. *And each time the White man has created and instituted those highly moral advanced societies, in time they permitted integration, and this integration destroyed these advanced White societies. Every time the White man permits integration of the inferior colored races, with their primitive heritage and cultures, into his White man's superior societies and cultures, the integrated society declines and falls! There are no exceptions—this is the Law of Nature! There can be no exception! Nature's Laws prohibit the integration of the Races! Remember—Nature's Laws are absolute, immutable, irrefutable, uncompromisable; transgressors will be punished.*

A White Society may permit integration, but if it does, it will decline and fall. Integration means disintegration of the White Race. Integration of the Races means disintegration of the White Race's heritage and culture and the end of their society.

Mongrel people have never created an advanced society, nor will they ever, because an advancing society requires a stable Racial heritage and culture to survive, and a stable Racial heritage and culture is what the mongrels are lacking, and will never have, simply because they are mongrels. History's paths are strewn with advanced White societies which tolerated integration of the Races—and died: Egypt, India, Rome, and the greatest society of all—the once-great U.S.A.

The U.S.A. were, in accordance with *Natural Law*, created a White Racist society, by White Racists for White Racists, to live and enjoy the White Race's heritage and culture, and so long as these U.S.A. remained a melting pot of White nationalities—a nation of White people only—the U.S.A. progressed and advanced until it became the greatest society in history, thanks wholly and solely to the fact that they obeyed and followed *Natural Law*, and did not integrate other Races into its White Racial society. Then our White society and its religions changed their principles and dogma to accept and promote integration. Why would the greatest society on earth suddenly reverse its thinking? Why would this great White society of White Racists suddenly permit integration of the Races when they had laws prohibiting such a crime? *And integration is a crime!* Why is integration a crime? Because every person has inalienable rights to have the Racial heritage and culture of a pure Race to help them survive and pursue happiness. But mongrels are denied this right! Integration is a crime against humanity because integration is *Genocide*. Societies have the right to survive *if* they have the innate ability, and they can, *if* they remain a pure single Race society that they were created.

Today, our declining, integrated society knows a lot about *Nature's Laws* of genetics. We do know that integration breeds mongrels, and that every mongrelized society declines and eventually falls. Armed with this knowledge, it is up to our White men to reverse this integration and return to the separation of the Races that our Founding Fathers practiced, and that our ancestors practiced, and that made our U.S.A. possible.

Endowed by Nature with an instinct for survival, every form of life fights to survive. *Yet, our White people are not fighting to survive!* Why? Why are our White people permitting the colored hordes to invade their White homelands, to integrate and destroy their White societies? Why? Because their leaders are *Racial Traitors*—for whatever reason. *Racial Treason* is Racial Treason, whatever the reason. It makes no difference that our leaders may have good intentions. The destruction, extermination, and genocide of our White societies and our White Race is just as final, whether this integration was done for good or evil intentions. In fact and results, the Racial traitor with good intentions is more to be feared than the enemy who deliberately attempts to integrate the Races to destroy the society—we recognize the enemy for what he really is. But the

Racial traitor with good intentions is accepted as one of us, and he is permitted, by our own people who are stricken with blindness, to destroy our White society and our White Race because he is supposed to be one of us, and is supposed to be doing what is best for us. Our White men are disarmed by these 'good intentions,' but the betrayal isn't any less real because it is being done with 'good intentions,' nor are these good-intentioned traitors any lesser traitors for their 'good intentions'—integrationists are traitors!

With the vast knowledge of genetics and history available today, there is no excuse for our leaders, who are supposed to be the most knowledgeable and wisest of our people, not to know about the fact that integration is genocide, racial and societal treason. There is also no excuse for our White men(?) to idly stand by and permit colored hordes to infiltrate our White societies, to mate with our White people, and thus to destroy our White Race and society. Every White leader and every man of our White Race knows instinctively that integration is wrong and that colored men must not mate with our White Women, and White men must not mate with colored women. Every such integrated mating is racial treason! Those who integrate or promote integration are racial and societal traitors!

The enemies among us claim that it is a right of the individual to integrate. Is it a right for you to deny your progeny a Racial heritage and culture? No! Is it your right to integrate and destroy our society? No! Is it your right to integrate and destroy your Race and your Race's genetic heritage that tens of thousands of White people before you worked and fought so hard to maintain and keep pure, so that you might survive and have a White Racial heritage and culture? No! The inalienable rights you were guaranteed by our Founding Fathers and their priceless Declaration of Independence, Constitution and Bill of Rights, were based solely and wholly upon the genetic heritage and culture of our superior White Race.

When you, men and women of the White Race, permit integration of our White society, you are permitting its destruction, totally and absolutely, as history proves. *Your* slavish permissiveness and slavish acceptance is societal as well as Racial treason. *Your* meek permissiveness makes *you* an enemy to our White Race and society. Instead of *you* fighting against this deadly, insidious enemy integration, *you* permit it to happen and *your* permissiveness makes *you* an accessory to this crime. Permissiveness signals approval. Your permissiveness means your approval.

We White people are in a total war for survival. If this treasonous act of integration is not stopped soon, we White people, our White Race, and our White societies will not survive. In a war of survival, there is and can be *no neutrality or compromise! Either we, the White Race, win, or we, the White Race, die. Either we patriotic White people separate the Races in accordance with Natural Law, and survive, or we integrate in defiance of Natural Law, and die. That is the issue our White people—You—must face*

Dear Friends:

No. 21 — June 1982

When we are writing another letter this month, after the Yearly Guide was distributed the last two months, we would like to inform you about the status of the court proceedings. Very little was reported in the newspapers during the last weeks and some friends are already asking if the trial is over and judgment passed. No, this has not happened yet and most probably the trial will be over at the end of June. We know from numerous letters that you have been informed only incompletely by the newspapers and we have been asked to report more fully about the proceedings.

Here are more details:

THE ACCUSATION

Subject of the prosecution are five explosive attacks and two fire bombings against various objects which occurred between February 21, 1980 and August 22, 1980.

FEBRUARY 21, 1980

Explosive attack on an Auschwitz exhibition in the Municipal Building in Esslingen. Carried out by Hoernle, Dr. Colditz and others. Damage to buildings.

APRIL 18, 1980

Explosive attack in Ruit against the house of the District Magistrate of Esslingen, who was responsible for the Auschwitz exhibit. Carried out by Hoernly, Dr. Colditz and others. Damage to buildings.

APRIL 27, 1980 Explosive attack on an Auschwitz exhibition in the August 1982

Janusz-Korczak School in Hamburg. Carried out by Hoernle and others. The explosive devices detonated only the next day when two female passers-by touched it. One person was slightly wounded, and some material damage occurred.

JULY 30, 1980

Explosive attack on the alien camp in Zirndorf. Carried out by Hoernle, Vorderbruegge and others. Some material damage.

AUGUST 7, 1980

Firebombing of a refugee camp in Leinfelden. Carried out by Hoernle, Vorderbruegge, among others. Two people wounded.

AUGUST 17, 1980

Explosive attack on an asylant's hostel in Loerrach. Carried out by Hoernle. Three people wounded.

AUGUST 22, 1980

Firebombing of a shelter for refugees in Hamburg. Carried out by Hoernle and Vorderbruegge. Two fatalities.

The accused Hoernle, Vorderbruegge and Colditz admitted their participation in these actions in all points.

At first, Manfred Roeder was accused only of masterminding a terrorist group. Later, this accusation was extended by the court against Roeder, accusing him of being an accomplice since he became guilty of the individual attacks through spiritual influence and previous consent. The firebombing in Hamburg was considered homicide and consequently Roeder was charged with being an accomplice.

At the beginning, Hoernle and Colditz testified that Roeder had been informed of the planned attacks. But the interrogation by the Presiding Judge showed that those statements were based on presumptions only, and that neither Hoernle nor Colditz have any proof that Roeder had any foreknowledge of any of these attacks. Vorderbruegge declared that she did not inform Roeder of any attack—and that such information could have come only from her because after the first attack in Esslingen, neither Hoernle nor Colditz had any direct contact with Roeder, who at that time lived in the underground.

Roeder denied having had any foreknowledge of the cases or to have taken part in discussions about the attacks. He made it clear that this is not his method. Moreover, if he were responsible for one or the other attack, he would say so because he takes responsibility for his actions. It is not his habit to shift the blame onto others. But he cannot take the blame for something in which he did not participate. If he would now take responsibility for the attacks, it would not help the defendants—they would have to answer for their own actions.

The physical and psychological burden under which the first interrogations of the defendants were carried out were demonstrated by the interrogations of Federal Judge Maier from Karlsruhe, who took the witness stand during one of the last days of the trial. He told that on September 2, 1980, one day after the arrest of the four defendants, he was waiting the entire day in his office for the suspects to be brought before him. It finally happened at around 6:00 P.M. Only then could he begin his interrogations which had to be finished by midnight. The result was that the interrogation was conducted under great pressure of time. The nervous stress was just as great for the interrogating judge as it was for the four accused.

Judge Maier now felt obliged to complement his interrogation protocol in the case of Vorderbruegge, that he had subsequent doubts regarding the deposition of Miss Vorderbruegge. His protocol reads that Miss Vorderbruegge said, "I took it for granted that people would get hurt during the attacks." Judge Maier explained in Stammheim that this precise wording—as most of the protocol—did not come from Miss Vorderbruegge, instead it was his own diction. Miss Vorderbruegge had answered most of the time only with "yes" or "no." In retrospect, he thinks that it is possible that Miss Vorderbruegge answered his questions only with "yes" to stand in defiance as a matter of principle. He does not think that she had these considerations (endangerment of life) already at the time of her action. With this deposition of a Federal judge as a witness, the accusation of premeditated murder was refuted, in favor of Miss Vorderbruegge.

For all those who have followed the proceedings in Stuttgart-Stammheim, it was absolutely clear that at the first interrogation by the police and the judges, depositions were made which could not withstand the precise and conscientious interrogation by the Presiding Judge and had to be partially withdrawn. But this does not mean that Hoernle or Colditz, or both of them, are "informers" who made their first deposition in order to put the blame on Roeder. This opinion, which we find again and again in the circle of friends, is simply absurd, just as Miss Vorderbruegge is not an "informier." Hoernle still had to correct depositions during the trial at Stammheim with which he, at the beginning, burdened Roeder. The recollection, how things happened, where, when and what was said, came to his mind often only when he heard the statements of other parties concerned.

HOW DID THE FIRST ATTACKS HAPPEN AT ALL?

Colditz had a group of friends with whom he met regularly. At these meetings people talked about everything, but mainly about the political situation and the writings about modern history. Revisionist books like Harwood's "Did 6 Million Really Die?", Butz', "The Hoax of the 20th Century," books by Heinz Roth, etc., were discussed and exchanged. One day, rather by chance, Hoernle joins the circle. The discussions interest him little, he catches some phrases here and there, but

often renders it falsely and in a different context. His hobbies are ecology and fireworks tinkering. Already in his youth he had made fireworks. The manufacture of explosives is easy for him and just as exciting as is for others the reading of a book. When Colditz suggested, on the occasion of the Auschwitz Exhibit in Esslingen, to harrass it in some way, perhaps with spray-slogans, Hoernle answers, "I'll make a small bomb." This appeared to him in any case much simpler than spray-painting slogans.

Occasionally, in the circle around Dr. Colditz, there is talk about Roeder and his newsletters. Hoernle had heard about him, but did not study his ideas. In the autumn of 1979, he meets Roeder in the home of Dr. Colditz, and together they take a walk. He likes Roeder's positive attitude toward ecology, but he does not understand his other ideas.

In February of 1980, Colditz and Hoernle plan to disrupt the Auschwitz exhibition in Esslingen. Both go separately, at intervals of several days, to the exhibit to spot suitable sites. Hoernle suggests a "little bomb" which should be placed at a picture on display, and goes ahead with the construction of such a "little bomb." Thursday, February 21st is set for the attack.

Several days before—completely unexpected—Roeder (who at that time lived in the underground) bursts into the home of Colditz. He is very sick, has 105° temperature, and Dr. Colditz, a throat, nose and ear specialist, immediately orders him to bed and prescribes anti-biotics. While Roeder is resting in the private home of Dr. Colditz in Dettingen, the latter meets Hoernle in his office in Kirchheim and both drive to Esslingen with their "little bomb."

Late that night, after they had carried out the attack, both return to the home of Dr. Colditz. Roeder feels better and walks around in a robe. They tell him what happened. Roeder is perplexed, but finds it great that other people would do something and protest against such shows. They have a bottle of champagne together. Hoernle feels like a hero. When Roeder, whom he admires, offers him the "Du," Hoernle takes this as a compliment. The good feelings he experienced that evening later creep into his testimony. The nightly gathering became, in his memory, a drinking bout in which the beginning of the revolution was celebrated.

Soon thereafter, Roeder leaves the home of Dr. Colditz to look for a more permanent place to live since he wanted to stay in Germany for a while. The contact with Dr. Colditz ceases.

After this first attack, Hoernle and Colditz placed another bomb, this time on April 18, in Ruit, at the home of the District Magistrate, who was responsible for the Auschwitz exhibit in Esslingen. As Colditz hears about the Auschwitz exhibit being planned for Hamburg, he asks Hoernle to get there and plant a bomb. Hoernle consents.

Miss Vorderbruegge was a friend of Dr. Colditz' daughter and met Manfred Roeder through her. She is so enthusiastic about his ideas that she quits her job and offers her help to Roeder. Roeder employs her as a

secretary, to type newsletters, do filing and preparatory work for the Annual Guide, published since January, 1981, in the German language. But she is not quite satisfied, she would like to do more. After she learned that Hoernle can manufacture explosives, she persuades him to let her participate in an attack on a hostel for aliens, in order to "frighten the asylum seekers." At first, Hoernle refuses—"that is no business for girls"—but Miss Vorderbruegge insists. Finally, Hoernly gives in "to do her a favor, and because I liked to be with her." The idea of further bombing sprees comes to them spontaneously when they learn of a hostel for asylum seekers. Two Vietnamese died on August 22, 1980, as a result of their last attack in Hamburg.

Hoernle and Vorderbruegge are terrified and drive to seek help—from Roeder in Hann. Mueden. When he learns what happened, he yells at them. Miss Vorderbruegge cries constantly and Roeder realizes that both are at the verge of a nervous breakdown. They need his help, not rebukes. He suggests that they go first to eat something to calm everybody down. At the dinner and the subsequent walk, Roeder talks a lot about everything, no time remains for their own thoughts. His rethoric passes them by without being absorbed by Hoernle and Miss Vorderbruegge. Only a few words remain, and these are not understood by Hoernle in their context, but are repeated during the later depositions in the following manner: Vietnamese are half-monkeys, blood must flow. At his court appearance in Stammheim, Hoernle repeats helplessly: "Yes, at that time I didn't understand it either."

Roeder testified that he told them, in order to quiet them down, about the religious feelings of the Vietnamese. For them, life is like a flow to the final existance after death. Death, for them, is nothing terrifying. He has studied this subject thoroughly. His brother, too, who, as an American citizen, participated in the Vietnamese War, had confirmed this. Vietnamese, in rescuing their comrades, had first taken their dead and left the wounded behind. The Americans had to force their allies, with guns drawn, to leave the dead and take care of the wounded first. His brother had remarked: they behave like half-monkeys. This is what Roeder told Hoernle and Vorderbruegge that evening. Hoernle remembered only the word half-monkeys.

When the judge asked what the phrase "blood must flow" means, which Roeder, according to Hoernle, had "constantly used," Roeder does not remember. However, Miss Vorderbruegge tells that this is a quotation from a poem "by Schiller or someone else." In fact there is such a line in the "Hecker-Song", published in the Annual Guide for August 11: "Blood must flow, in thick streams!" At that time, Miss Vorderbruegge had already started the collection of poems and this phrase stuck to her mind (in case somebody thinks that the inclusion of this poem in the Annual Guide implies Roeder's bloodthirsty character, it must be pointed out that these verses appear also in other large collections of poems of modern times, like "The Eternal Fountain," 1st edition, 1955). Whoever knows Roeder must admit that this is a turn of expression which might fit into

his use of plastic linguistic usage, and that he may have repeated it humorously. But Hoernle is not able to differentiate. For him, such a remark is a challenge to act. In Stammheim he gives an obvious example of his special nature to understand or misunderstand things. When the Presiding Judge again brings up the scene of the "half-monkeys," he angrily asks Hoernle, "and you remained calm? If Roeder would have said that in my presence, I would have thrown the soup bowl in his face." Thereupon Hoernle: "That didn't happen at the table, but during the walk afterwards."

On March 18, a DPA (Deutsche Presse Agentur) news release was published in many papers that Roeder had admitted the day before, at the hearings in Stammheim, that he had asked his followers several times to blow up hostels for aliens. Together we searched in vain for clues as to which of Roeder's statements could have been misinterpreted in such a fashion, because he never said any such thing. My protocol for that day carries no comment with respect thereto. If somebody read the article in the newspaper, I can only suggest not to believe it because it simply is not true. I was present at the hearing from the first to the last minute, and this remark was not made in any connection. The words "hostels for aliens" do not appear in my protocols at all.

Roeder's final testimony concluded with the observation which I placed at the beginning of this report: that he did not participate in any bombings, nor in the "spiritual" preparations leading up to them, and that such acts of violence do not fit in with his style of seeking publicity. But he does not feel that it is his mission to restrain others who like to express their discontent with present-day conditions; his own tasks, instead, are on a different plain.

It must be admitted that the Presiding Judge handled the trial exceptionally well and sympathetically. It happened more than once during the proceedings that the situation was relaxed with pleasantries and laughter. Just like the others, Mr. Roeder had the opportunity to express his opinion to every point of the accusations. Of course, one cannot assume that a fair trial will result in a mild sentence, but the hearings, conducted in a quiet and relaxed atmosphere, have greatly contributed to the fact that the initial rigidity of all defendants quickly disappeared and the depositions were given more freely and more definitively.

At the present trial, not only the life of Manfred Roeder is at stake—if the judges follow the accusations and recommendations of the Prosecution and affirm his complicity in murder, he will be imprisoned for life—but also the fate of TEUTONIC UNITY. Upon pressure by friends, we have decided to hire an additional defense attorney, the Mannheim attorney Ludwig Bock. This was a very difficult decision for us since, financially, we are completely dependent upon the

help and assistance of our friends. The costs for such a defense counsel are so tremendous that Mrs. Roeder cannot come up privately with the required funds. We are convinced that the court-appointed defense counsel will do everything in his power to bring the proceedings to a good ending. Considering what is at stake, we felt justified to hire additional counsel. Please don't abandon us in this fight. Only with your help can we jump over this financial hurdle. If you send us any money, please make a note on the check: trial expenses. We would like to take this opportunity to thank all of those who have already helped us before.

On another matter: the first two Annual Guides for 1982 have been published (in German). Unfortunately, not all of you have sent us a check for our out-of-pocket expenses for these—DM6,00 per copy. Please don't forget this because we, too, have to pay our printing bills.

With friendly greetings,
Ingrid Weckert

Dear Friends:

No. 22 — July 1982

From now on I'll write our Letters again myself, monthly and with the latest news. They will not necessarily be composed in a polished English, but hard-hitting and to the point. We simply cannot wait half a year for a good translation. Due to severe mail restrictions and the difficulties of the trial, it has been impossible for me to remain in close contact and write the Letters myself. Since January 1st I was restricted to a mere 10 letters per week of two pages maximum each. With all the other ongoing correspondence, that never sufficed for Letters on a regular schedule. Now we hope for a change in the prison conditions that will allow us to keep up the work. For we are determined to continue more than ever before!

When you read this Letter, judgment in my case will have been pronounced, but right now I can only tell you about the trial up to this point, and the pleadings of the Prosecutor General. One June 14, he asked for 12 years imprisonment for me, 7 years for Dr. Colditz, and life terms each for Hoernle (51) and Sibylle Vorderbruegge (26). The headline in the big Stuttgart newspaper reads: "Roeder cannot be convicted of murder." "The prosecution believes Hoernle and Vorderbruegge to be guilty of two cases of murder and 5 cases of attempted murder, executed by firebombs and explosives. But Roeder cannot be found guilty of these actions. The prosecutor, by his pleadings, restricted his charges to the original indictment. Only the court had extended the charges against him at the opening of the trial and accused him of murder—an altogether unique procedure in court history that the court levels higher charges than the

August 1982

27

prosecution!

"The remaining charges of the prosecution are based on a rather unusual construction of legal theory. The prosecution believes that Roeder urged his friends to throw a bomb at the home of a judge, which was never carried out. It is further believed that Roeder took part in two actions by 'ommission.' The trial proved beyond doubt that he was not involved in any action, but he should have prevented others from committing them. Due to his personality, he should have exerted his influence on his friends."

Everything about this case was highly unusual. For 17 months I was a prisoner on remand. I was arrested on September 1, 1980; the trial opened on January 18, 1982. Three other friends, who were arrested at the same time, admitted on the very first day that they had thrown the bombs, and that I had nothing to do with it. Nevertheless, I was the main suspect, and the whole trial went under my name: 'Roeder and others.' I was supposed to have been the 'big boss' of a terrorist group, behind the scenes. It took 10 months to draw up the indictment although there was never the slightest doubt as to who committed the acts. All the time they were looking for arguments against me. After ten months, I was then charged with 'conspiracy,' but no criminal acts. In November 1981, the court changed the indictment and charged me not only with murder, but also with actively taking part in all the activities that others had committed and confessed to.

During the five months trial, there was, of course, not the slightest evidence for those charges. But instead of dropping these unfounded charges, they were changed again: now I was accused of being the mastermind by 'ommission.' I could and should have prevented all the actions of my friends—even if I didn't know anything about them!

In November, 1981, I was transferred to Stammheim near Stuttgart, where the trial opened on January 18. Stammheim is notorious for terrorist trials. Here they kept the Baader-Meinhof-Gang, and constructed a special building within the prison walls for terrorist trials only! Of course, a multi-million object, a huge hall with unconcealed steel beams, looking like an aircraft hangar, with no windows at all. The dimensions are so fantastic that one almost needs binoculars to see the five judges, communication is only possible by microphone. I am now kept at the same special 7th security floor of the prison, changing from one cell to another every few weeks, in which the Baader-Meinhof people allegedly committed suicide. But I have not met one prisoner yet who believes that suicide story.

We are kept under the same conditions as those convicted terrorists. Severe mail restriction, visitors and even our attorneys can speak with us only from another room, through a glass pane, even the correspondence with our defense counsels is screened by a judge. In one instance, a letter

from my attorney took four months to reach me! How can anyone defend himself under such conditions? I am not even allowed to have all my files concerning the case in my cell. Whenever I leave my cell, I have to strip completely and re-dress under supervision of two guards.

Every Monday and every Wednesday, there have been sessions of the court. We, the prisoners, are transported the two hundred yards to the 'special building,' all within the prison walls, in a caged police car, followed by yet another police car. Along the drive, every 50 yards a policeman is standing guard, with a sub-machine gun and finger on the trigger. In addition to many police patrol cars, a contingent on horseback all day patrols the perimeter of the prison. At least one hundred policemen are on duty when we go to court—a young girl in a Dirndl and three well-dressed seniors in their mid-fifties.

The whole thing looks utterly ridiculous!

Another specialty is: suspected terrorists never go before a normal court, with a jury, like any normal murderer or gangster does. There is no jury of our peers at all, only five judges of a superior court. One of our American friends came to attend part of the trial and saw the entire spectacle. He just couldn't believe it. No jury! And even worse: the court handpicked two attorneys for each of the accused, no protest possible. This does not mean that the attorneys are bad, on the contrary, so far I was satisfied with their work. But the fact remains that they were handpicked by the court, not by the accused, an absolutely absurd system. Prosecution, court, and defense—all arranged for by the state system! There is no opposing or controlling institution at all.

At the beginning of the trial, the press reported at length about every day's proceedings. When the case dragged on week after week, the interest, of course, dwindled away. But now, at the end, interest is coming up again. When I took the stand, all the papers carried bold headlines and articles. Here are some of them, sometimes some of them rather amusing: "Roeder tells his underground story" — "Suffering from political persecution" — "Roeder, as successor to Doenitz, calls Hitler a great man and a shining example" — "Democratic System is 'humbag'" — "Roeder as 'Reichsverweser' (Vicar of the Reich) wants to clean out the Augean stable of Democracy" — "Democracy is corruption and irresponsibility, what we need is the rule of the people, according to old Teutonic tradition, the principle of the 'Thing'" — "A real German can never be a democrat!" — "Roeder calls for the unity of all Aryan nations and the integrity of all other nations, no race mixing" — "Proud admirer of Adolf Hitler."

"Roeder is convinced that the German people have been brainwashed and forced into an attitude of servility, crawling before aliens and Jews, not daring to stand up and admit their great past of National Socialism. Only the open confession that Adolf Hitler was our idol and leader can

make us free and proud again. For Roeder himself it is natural to have a picture of the great Fuehrer in his office."

Most papers even admitted that my statements were rather convincing, and that meant for some—the more dangerous! The "Koelner Stadtanzeiger" wrote: "If it wasn't for Manfred Roeder's monstrous ideology, which makes him a dangerous demagogue, he could even be a rather sympathetic fellow. He is of great eloquence and self-confidence. Talking to the judge, he acts like a professional, salted with humor and sometimes even with a twinkle in his eye. Never is there any kind of cynicism in his speech."

Doesn't that sound rather appreciative?

Maybe the strangest thing about the whole press was: the Jewish Weekly gave one of the most detailed and objective reports, whilst the two so-called national papers carried no reports at all, but used the occasion for the vilest attack on me in a foul and abusive language. The "Juedische Allgemeine" of March 26 wrote: "The tactic of Roeder's defense is to avoid a total confrontation with the court; by this, he hopes to create a more objective atmosphere—in contrast to other terrorist trials. His defense counsels are playing it low key. Only Roeder himself makes motions—not without skill—and succeeds most of the time. For example, he reminded the court of a section of the code of procedure that has not been used for ages, according to which it is permissible to have the spouse admitted in court as an assistant to the accused."

This motion made it possible that my wife Traudel could sit with me and my lawyers through the whole trial.

The 'National-Zeitung,' on the other hand, wrote on March 19: "Roeder is living in an absurd dream world. His statements make it necessary to lock him up in a psychiatric asylum. He is a danger to the general public."

No other paper has come out with an attack like this one. It really makes you think which forces or interests are behind so-called national groups or papers. Most of the other papers carried this sentence: "Roeder condemns parliamentarism and demands the rule of the people, by the people, and for the people. With his newsletter, which he is sending out to 35 countries even from his prison, he wants to give more backbone to the people, especially to the Germans. All of his writings are inspired by idealism and are meant to help his nation."

But these papers are far from being nationalistic or having any open sympathy for us. Yet they try to be fair to a certain extent. What more do we want?

The greatest inspiration and help has been the fact that so many of our friends—particularly from overseas and many of Aryan Nations from America—have written to the court in my behalf, and expressed their sentiments and solidarity. Only recently I got to see all those wonderful

letters and want to thank you with all my heart for having written these letters. Because of the mail restriction, I cannot possibly thank each and everyone of you individually, but want to do it with this letter. I cannot prove it, but I am convinced that these fine letters have helped to give the court a real impression of what kind of people we are and what our objectives are, and that these letters have helped to create a favorable atmosphere during the trial. Most of the time the Presiding Judge was fair, trying to keep everything on a high level. That's all we want. To influence the judgment is not in our power. But having done all we can, we leave it up to God—whatever the result may be. Our determination is to carry on with more conviction than ever.

And this is what I am going to say in my final word: Look at the world! Anybody can see that it is going from bad to worse, and there is no politician, not one in the entire world, who can offer a real alternative. Show me one if you know one! They are all greedy for power or fame, but unwilling or unable to serve their nations and solve the problems. Most of them do not even recognize the problem. The problem is certainly not Russia! If there were no Communism at all, we would still have race-mixing, inflation, unemployment, degenerate art, decaying health, rising crime, and a young generation with no future. The problem is not political at all, it is not military, it is not economic; it is a twist in our thinking and living. All we want is more for ourselves or our nations. Why do we, for instance, take sides in the Falkland War? It is utterly unimportant whether these islands are inhabited by British, by Argentinians, or by sheep and seals. I have no sympathy for the Argentinian military dictators, but I have even less sympathy for the British imperialists. If they want to shoot each other, let them do it, it is none of our business. Just look at the hypocrisy of the British! They have the right to use force in order to gain back a few barren islands on the other side of the globe, which they themselves had occupied illegally for only 150 years. But when Germany demanded the city of Danzig back, which had been German for 600 years and was located right in the middle of our homeland, the British started the Second World War. Germany was not allowed to take back what always belonged to her, but Britain is entitled any time to grab what she has stolen herself. And we fools support her!

The problem is not economic! It is utterly unimportant whether unemployment goes up or down by one percent. The whole system of more and more materialism is wrong. Unless we learn to live with less, but with more sense, the whole world is going to die. Not necessarily by an atomic holocaust. The world is dying already day by day. But not only our environment is destroyed before our very eyes, it is also the heredity and health of our nationhood that are twisted, polluted, poisoned, and destroyed. To save our nations and our nature is the only intelligent program for any intelligent human being! To hell with parties and

politicians!

No National Socialist has been in power for more than 30 years, but the world is going downhill rapidly. If we are not wiped out by an atomic blast, the globe will be destroyed by many 'conventional' wars. If not by wars, it will be by fear of wars and a maddening arms race. If not by rockets and arms, it will be by a run for the last resources, or even fresh water and clean air. If not by a run for wealth and riches, it will be by destruction of the environment. If not by destruction of nature, it will be by race-wars. If not by race-wars, it will be by rising crime. If we are not victims of crime, we will be victims of degeneracy, softness or simply of laziness and carelessness. But even if we could avoid all those 'Egyptian Plagues' and manipulate our way through, somehow, this world is already becoming such a gloomy planet, such a hopeless habitat with no more beauty, no more ideals, no more enthusiasm, with less and less human affection, and more and more inhuman bureaucracy and computerism, with an ever growing police force, that it becomes less and less attractive to live.

We have to turn back to what we learned from our forefathers, to hard work and discipline, with less money, less welfare, and less socialism, less state and less centralism. And less industry, not more!

Capitalism has failed, so has Socialism and Communism. What we need is the co-operation of the best of every nation, an elite everywhere, absolutely independent of all parties and international money.

I have used these months in prison already to work out some of the basic thoughts about a new society. They are revealing the only alternative to global suicide. I hope to have them out soon and translated into English. Only the Aryan nations can take the lead in this new and necessary thrust. Let's do it together! I'll work for it and live for it, whether in freedom or prison. God is our guide!

* * * * *

Forgive me for adding a personal note in conclusion: Just before the trial, the Prosecutor General announced at a press conference that the whole purpose of the trial was to have me locked up for many long years in order 'to have peace on the ideological front.' He made it clear that the intention was to destroy our whole work. Concurrent with that, a colossal smear campaign in the press was started about the 'greatest trial against Neo-Nazis ever held in Germany.' I was labeled 'the most dangerous radical' and was convicted by the press before the show even started.

At this point we felt obliged to hire two of the best lawyers to defend me. Too much was at stake. The court had given me two official defense counsels. As it turned out later, they were not bad at all but rather co-operative, but we couldn't know in the beginning and could not take any chances. That means that after the trial we will have to pay four

attorneys and, of course, all the court costs—a fantastic sum.

We are not in panic about it, for we know: where God guides, he provides. But friends urged us to share our needs in order to give them a chance to play their part as they feel directed. What is more: any donation is strengthening our spirit, bringing us closer together with our friends around the world, and confirming our conviction that this, our fight, is our calling and should be continued—especially under trials and tribulations.

Please keep writing, especially now under continuing hardships!

Yours ever,

LATEST NEWS ON THE ROEDER TRIAL:

In the Stammheim trial, Manfred Roeder was sentenced to 13 years imprisonment. The other defendants received the following sentences: Raymond Hoernle—life imprisonment; Sibylle Vorderbruegge—life imprisonment; Dr. Colditz—6 years imprisonment.

In his conclusion, the Presiding Judge stated that discussions were held to consider "security measures" for Manfred Roeder. This was not done at this time. It means that it can be decided at a later date, and that Roeder might never regain his freedom.

Since the trial has already been held at the highest level, an appeal is not possible. There is only one revision which might be admitted—if a considerable error on procedural matters can be proven. The admission of a revision would be decided by the German Supreme Court in Karlsruhe. As things stand now, such a decision is highly unlikely.

The Presiding Judge said in his conclusion that he expected the decision on Manfred Roeder will have the result that he will be forgotten in a very short time; that his circle of friends will disintegrate; that he will not continue to write circulars, and that his wife and his six children will undergo extreme suffering. The latter indicates a precedent in German legal proceedings, namely that the family of a defendant has been drawn into the final adjudication. This reminds one of the Old Testament's revenge of visiting the inequities of the father upon the children.

The prediction that the circle of friends will fall apart is now up to you. We have confidence that you will not leave us. We can promise that we are going to continue our efforts. We have enough material for the letters, even if Manfred Roeder would be prevented for some time to write himself.

It is important that we can now rely on your help. We need personal contact with you. Please write directly to:

THE U.S.A. — A MELTING POT?, continued from page 20

up to now. If our White societies are to survive, then our White Race must survive—you can't have one without the other! If you love our White people's U.S.A. and our White people's Declaration of Independence, if you love our White people's Constitution and Bill of Rights, you will rise up and fight our deadly enemies—those who integrate and those who promote integration. In this war for survival, our enemies are not playing games; they mean business every step of the way—and so must we! Nature will not help us. Nature neither loves nor hates any specific form of life. Nature creates the different forms of life and gives them the ever changing environment to adapt to. If a life form is fit—it survives; if a life form dies, it was obviously not the fittest, unfit to live and procreate and survive. So it is with our White Race—either we prove our fitness to survive by fighting for our survival, by preventing and eliminating integration with the colored Races, in accordance with *Natural Law*, or we die! In this war for survival, there can be no neutrality, no compromise. Either our White Race remains pure and our societies return to being White societies, and survives—or our White Race and our superior White societies permit integration and mongrelization—and dies! We White Americans must return to the White heritage and culture of White Racism that our Founding Fathers created and left us in trust. It takes but common sense to understand that our White society can only exist if it is peopled by White people. We White people have been covertly betrayed by our leaders into a melting pot of integration of the Races. But we can denounce and execute these societal and Racial traitors, and fight to regain our White heritage and culture. We White people and our White societies *can* survive and we *will* survive if we fight to survive, and put a lid on the melting pot of integration. Whatever the cost to survive, all White people owe it to their White progeny and posterity to pay that cost! □

My best wishes to you and my thanks.

RONALD REAGAN MUST LOVE THE JEWS!

From a newspaper item of June 4th: "U.S. warning Romania to let Jews emigrate . . . President Reagan and members of Congress say they will warn Romania's communist government that it would lose U.S. preferential trade status if it does not expand Jewish emigration to Israel."

Romania was given to the Soviet Union by a Rockefeller tool, Pres. Franklin D. Roosevelt. He had stopped General Patton from taking Prague and Berlin before Stalin's forces could get there. He then betrayed American interests at the Yalta Conference by giving to the Soviet, six East European countries, including Romania.

So as partners in the Rockefeller-Kremlin Alliance, the Rockefeller partner is telling Romania, a subsidiary of the Kremlin partner, what to do. Romania is told to increase the number of Jews allowed to leave that country to go to Israel. Even Reagan should know that the Jews won't go to Israel; they will come to America.

The bandit State of Israel was formed by a murderer, Menachim Begin. (The British Government had advertised a \$48,000 reward for catching him.) President Truman, a Jewish satellite, recognized Israel almost before it was officially formed. He gave Begin the power to drive a million Arabs from the Palestine homes they had occupied for centuries.

The murders and sufferings of the Palestinians enraged the Arabs in oil-producing areas of the Middle East. Consequently, they formed a coalition of oil producers which shot prices up to astronomical heights. This made the United States a debtor nation and shoved the dollar still further down toward extinction. It's what the Jews did. But Ronnie still loves them.

You will be astounded at this: There is more oil in the north slope of Alaska than there is in Saudi Arabia! If this were allowed to be produced, America would no longer be a debtor nation and oil prices would tumble, unemployment would be almost stopped, and the United States would be saved from total ruin. But the Jews won't allow it. Why does Ronnie love them?

The middle class of White people, the backbone of the country, is being exterminated by impossible interest rates and devastating Federal taxes. These are caused by outrageous Federal expenditures, mostly unconstitutional. Blame the Jews.

Jews own the Federal Reserve System. This is impoverishing millions of Americans now being fed by taxpayers. Many of their former employers have been forced out of business by high interest rates, devastating taxes and onerous paperwork for the I.R.S. See what happens when Jews own the banking system? However, Ronnie loves them.

From The Spotlight of June 14th: "From 1946 through 1980 (not 1981), the United States has given Israel . . . and a myriad of other foreign nations \$2,304,257,900,000 in foreign aid. That's not millions of dollars, or even billions of dollars—but trillions of dollars taken from the American taxpayers. Sen. Jesse Helms . . . told the Senate that as of May 11, the Federal debt totaled \$1,060,237,928,516.01."

Now see what the Jews have done to us. There would be no Federal debt if twice the amount of that debt had not been given to Israel and other countries. Israel received \$18,490,073,000. If it had not been for the Jews, there would be practically no unemployment. Working people would

be able to buy houses at reasonable prices. The erection of those houses would employ carpenters, etc., who, in turn, would buy merchandise which would employ millions more. The materials used would employ still more millions. All those thus employed would be able to buy automobiles and other goods. This would be a prosperous country.

An Israeli ambassador to Britain was shot, supposedly by Palestinians. Menachim Begin retaliated by putting Beirut to flames. In the first two days alone, in retaliation for the attempted assassination of a Jew, at least 230 human beings were killed. This catastrophe was done with American planes and tanks, financed by American dollars. No wonder the U.S. has lost the respect of the civilized world! Yet Reagan loves the Jews.

Jews are only 2.9% of the population of the U.S.A. But how can we get rid of them? Every country they have infested has been ruined. No country wants Jews, just as no dog wants fleas. Don't bring in more Jews. But President Reagan wants to do so. I wonder why.

Dear Mr. Dietz:

17 June 1982

At a flea market in the area I found Jurgen Thorwald's books, "Es begann an der Weichsel" and "Das Ende an der Elbe," both published in the fifties. Although the books are anti-Hitler, they contain a wealth of information about the last months of the war, when millions upon millions of people kept their unshakable faith to the last hour, were then overrun by the Red Army and consequently tortured, slaughtered and raped until they died, or herded like cattle into trains and shipped away—never to come back.—Ghastly! And how the U.S. troops behaved when these poor refugees arrived at the Elbe. I wonder if I had read the books at that time if I ever would have entertained the thought of coming here.

It was a pleasure to read "The Uses of Religion" and how brilliantly Dr. Oliver traces the development from tribal rituals to the urgent question of a unifying ideology for White people now. Will we live to see it?

Faithfully,
Mrs. J.T., Washington DC

Dear Sir:

19 June 82

Enclosed is money order for a year's subscription to The Liberty Bell.

A new book by Nicholas Tolstoy, "Stalin's Secret War," states that Stalin's death prevented plans to start World War III in 1955 and to overrun Western Europe. We should have worked with Adolf Hitler in WW II.

Did you watch "60 Minutes" on TV when they had the "Nazis" on? Let me tell you something that "60 Minutes" DID NOT TELL YOU:

They said when the Nazis moved into Byelo-Russia (White Russia), they killed over a quarter of the population. You might like to know where they REALLY went. Russia is composed of 3 races: Moslem-types in the South, Mongoloid-looking, thick-faced types in the East, and White Aryan

in the West, descendants of Viking immigrants (Yurik became Yuri, Helga became Olga, as in Olga Corbett, gymnast). Stalin was deadly afraid that the White Russians (of which I am one, my grandparents having escaped in the late 1930s), would, upon hearing Adolf Hitler's programme of racial eugenics, ally themselves with the Third Reich. He forced them over to the far eastern part of Russia (really Eurasia) in the late 1930s where many of them died. So there!

Good luck.

A GREAT VICTORY – FOR THE JEWS A TERRIBLE BLOW – TO THE U.S.A.

From a big headline in "The Morning News" of June 18th: "Argentine President ousted . . . Buenos Aires, Argentina—President Leopold Galtieri, the army commander and architect of the disastrous, undeclared war in the Falkland Islands, was forced into retirement by his fellow officers on Thursday."

Galtieri was pro-American. Under his leadership, Argentina was outstanding among the anti-Communist countries in Latin America. Communist forces are working to weaken the defenses of the United States on its southern border. Gen. Galtieri was an obstacle to their designs.

In the war to destroy the United States, the Communists won the first battle when the Jew newspapers, led by the "New York Times," helped Fidel Castro displace Batista in Cuba, thereby turning the island over to the Rockefeller-Kremlin Alliance. With Cuba as a base, troops were sent to African countries, such as Angola, to bring them under Soviet influence.

The Rockefellers had previously dislodged the Rothschilds from control of the continent of Africa. Now, invaded by Cuban troops, it is being taken over by the Rockefeller-Kremlin Alliance, which is also working to destroy the United States.

Their first objective was the Panama Canal, the creation of Pres. Theodore Roosevelt. Panama was then part of Columbia. To get a free hand, a revolution was staged in Panama, making it independent. (Later on, during Woodrow Wilson's Administration, Columbia was given \$25 million by the U.S.A. for the loss of Panama.) Inhabitants of the new state had a low standard of living; the advent of the Canal was a big boost to them.

The U.S.A. built the Canal on its own territory and ran it successfully for years. The low freight rates of oceanliners, through the Canal, enabled the products of California and other western states to reach the East Coast economically. This was a tremendous boon to the country.

Then occurred a weird incident. Pres. Jimmie Carter, a Rockefeller tool, proposed a treaty with Panama, "giving back to Panama ITS Canal," and millions of dollars to keep it. With this money, the dictator of Panama paid off some of the loans incurred at Rockefeller banks. This treaty was

ratified by 68 Senators. All of them should have been hanged for treason.

The Central American countries had been getting along peacefully with their economies slowly improving because of trade with the U.S.A. Now, with Panama settled, some strange forces stirred up dissension and warfare. Diplomats and emissaries from the U.S.A. (Zionist controlled) helped by muddying the waters. Reports coming to the United States are so confused that it is almost impossible to tell what is really going on in Guatemala, El Salvador, etc.

At this point, Argentina's President Galtieri apparently took a hand. He trained anti-Communists who went to Central America and tried to straighten things out. So apparently the Rockefeller-Kremlin Alliance decided to oust him.

Following is a version which appears correct, but is not guaranteed. Zionists in the British Government started communications with Pres. Galtieri of Argentina. They pictured a South Atlantic organization headed by Argentina and the Union of South Africa. It would control access to the fabulous undiscovered mineral wealth of Antarctica. The Falkland Islands were included as being critical. They should be taken over by Argentina. Galtieri was encouraged by some in the British government to do so. He got the approval of Pres. Reagan. So he captured the Falklands. Then he discovered that he had been double-crossed by Pres. Reagan who gave his support to the British.

President Galtieri is now out. The last big stumbling block in the path of the Rockefeller-Kremlin Alliance in their drive to wipe out the U.S. from the South is now gone.

Mexico is yet to fall, but that may not take long. The whole southern part of the United States would then be open to invasion by superior forces of the Soviet. Yet the latter could not even fight a war if it were not for the help given it by traitors in the United States.

The Jews have 2.9% of the population of the United States. Before it is too late, what are we going to do about, and to, them? L. Lee Layton

Dear Mr. Dietz:

I have your March 82 issue and it is terrific!

I have been working many years for our people (White Supremacy), quite a few years in the John Birch Society (which I now regret, to a certain extent). I did some good but hate myself for spreading mistaken ideas about Adolf Hitler and National Socialism by Robert Welch.

We are at the very beginning of an anti-egalitarian reaction which will sweep the Jews and our other racial enemies away and which will either

rejuvenate the Gothic-Faustian Western Culture or may create a third Occidental Civilization. . .

Dear George:

25 June 1982

I thought it was about time that I wrote you another letter as lot of things have happened in the meantime.

I received a letter today from a Tony Campaigne who is executive director of the Foundation to Rebuild America. He wants to get signatures together to get Judge Leo Milonas kicked out of his Federal Judge job.

Milonas has been freeing criminals and turning them loose on society. Max Lindeman broke into a Sisters of Charity Convent and raped, sodomized and mutilated a thirty-year old nun. Lindeman was at the time on a three year probation sentence, and Judge Milonas turned him loose on a five year probationary sentence.

In a case of this kind, in my opinion, Judge Milonas is a worse criminal than Lindeman, and he should be taken out and hanged.

A lot of these judges use the excuse that there isn't room in the penitentiaries. That can be cured easily. We have more people than we need. Coddling this kind of people is costing the good people millions of dollars every year and it isn't worth the trouble. If the penitentiaries are too crowded with criminals, start herding ten or twelve into each cell and give each and every one of them a hunting knife. When all but two or three of them are dead, shoot them and clean out the cell for the next group of candidates. When the word gets around as to what goes on in the penitentiaries, we won't need but very few of them.

Back in 1924, in this town, the KKK was strong. I saw 12,000 march down Main Street, six abreast, with their robes on and a gun over their shoulders. The sheriff prowled the streets at night with four or five Kluxers in the car, and we didn't have any crime. You could walk any place in town, at any time of night, and you were as safe as you would be in your own home. Some guy shot another in the parking lot of a pool room and it was headlines in the paper for two weeks. Now they put something like that back in the middle of the paper and it won't take up more than an inch of space, and you never hear anymore about it. If these judges love the criminal so much, we should put them on the receiving end. Go in and get them, hang them on the nearest tree. The White people in this country will never get anywhere untill they pick up their guns and go to work. It's the only way.

I try to keep from buying anything that has a "U" or a "K" on the package. It is getting almost impossible. Ninety-four percent of the people in our country eat about anything, but the other six percent are very

finicky about their eating habits, and so they are forcing the food producing companies to pay a rabbi a big salary to stand around and see to it that no lard gets into the oleo, and the cost is added to the product, and it is costing us natives around \$23,000,000 every year to see to it that these gas inhalers don't get polluted. I noticed that the products from the Food Club company in Skokie, IL, don't have the U or K on their products, and since Skokie has 7000 of these gas inhalers that claim they survived the imaginary gas chambers in Hitler's concentration camps, I assume that this company is a gas inhaler outfit, and it is thus understood that there is nothing to worry about in their products. It is about time the White people in this country rose up and made themselves known and heard.

White people are a funny bunch of critters. If a few of them get together and start an all White organization, of course the Jews are going to call them racists, terrorists, Nazis, Fascists, bigots or sick heads in their newspapers and TV. Then the rest of them don't have the guts to stand up and be men instead of mice, so they say, "Oh, I wouldn't belong to an organization like that! The Jews might call me an anti-Semite and I wouldn't be an anti-Semite for anything in the world." Well, buddy, if you can't stand to be called an anti-Semite or a bigot, how would you like to be called dead? If this thing keeps on, that is exactly what you are going to be called. These people intend to wipe the White people from the face of the earth. I don't worry about the Christian religion, but I do have some feeling for the White people. Rabbi Rabinovich, in his speech before a crowd of rabbis from all over the world, in Budapest, stated that the White babies being born today would be the last of the White Race. Their plans are to fill all the White countries with mongrels from all over the world till the Whites are reduced to a minority and then turn these mongrels on them and wipe them out, then the Jews will rule the world under slavery. They say the colored races will be easy to rule, and all the Jews will live in luxury.

The Jews say that they are the only human beings on earth and all the rest are animals, and their Bible says that it is no crime for a Jew to kill an animal. They own the Federal Reserve System and have boosted the interest rate so high that millions of people are loosing their homes. They don't like the idea of animals living in homes. They want them to live in pig pens. The wonderful Jews will live in the homes. This thing is going on because the White people are scared to death that the Jews might call them names. What do you care what they call you? They call you pigs. They hate you. 27 countries in Europe chased them out at one time or another for doing the same thing to them that they are doing to us now. Are we stupid enough to let them get away with it? We are about a 70 percent majority. Are we so cowardly that we are scared to death of a six percent minority, who haven proven time after time that they are the worst cowards in the world? The only time they get brave is when they have you outnumbered ten to one and have you hog tied. In a case of that kind (as we can witness in Lebanon today), they get brave as hell. Look what they

are doing in the Middle East. We have furnished them, for some stupid reason, enough war material to blow up the earth, and they are using to murder the Arabs who don't have a chance. These people have lived from murder for the last 3,500 years. 2,500 years ago the Egyptians were calling them "the cutthroats across the river." They never had a homeland. You have to work to have a homeland. These gas inhalers won't work. Did you ever see one of them in a coal mine or on a farm or working on the streets or building houses? They have no business in Palestine. That land has belonged to the Palestinians for 2,000 years. Churchill, Roosevelt and Stalin gave them permission to go in there and murder these poor people and take their land away from them. What business did they have to give away something that didn't belong to them? The whole thing is just plain rotteness. The United States used to be an honest nation. Now we back the rottenest people in the world in their murder and torture. What has happened to us? It is time we cleaned this country up and started over. All we have to do is get rid of the gas inhalers. What do you say, we get organized and go to work?! Being unorganized, we are helpless. We don't care what they call us in their newspapers, movies or television.

Let's turn around and start calling the pigs PIGS or RATS.

Yours,
A.H., Ohio

Dear Mr. Dietz:

29 June 1982

I enclose my check for a year's renewal of my subscription to The Liberty Bell.

The best article in the June issue was the item by "Michael Bakunin." I hope that you will encourage him to write more. By the way, the original Bakunin wrote an essay, which I believe has never been translated from the French, in which Bakunin lambasted Marx's First International Workingmen's Association for being largely staffed and controlled by Jewish journalists, intellectuals, and financiers. Someone should translate it sometime.

I hope that Dr. Oliver will be contributing more essays to your magazine in the near future.

"Michael Bakunin" and others who seek a third way between capitalism and socialism might be interested in reading Hilaire Belloc's "Servile State," which is as anti-capitalist as it is anti-socialist, and all the writings of Ralph Borsodi, especially his "Prosperity and Security." Belloc and Borsodi stress that no one can be truly free if he does not own and control the means to earn his own livelihood. As is well-known, few people do own such means in the U.S. today, most of us being dependent on employment by some corporation or government agency.

Sincerely,
B.N., Arkansas

Thanks, Mr. Dietz, for enclosing that material on the Christianity debate in my last order of June 3, and the back order for "Christianity and the Survival of the West." I find the whole topic intellectually explosive!

Dear George:

29 June 1982

I had to wince at the first casualty figures from Lebanon: 10,000 "enemy" dead, 100 Israeli dead! Obviously the only way to get a ratio like that is to shoot unarmed civilians. Now the number I hear most frequently is 40,000. That means at least a year of Israeli occupation while the Jews clean the place up so that it doesn't look too much like scenes from their own "holocaust" movies. Mustn't confuse the stupid Americans!

On a lighter note, I was happy to see that Mitterand and his band of merry Bolsheviks are getting a glimpse of the brick wall at the end of the tunnel. Less than one year of Socialist government has crippled the French economy to the point that a new program of "austerity" is in order. This political U-turn is only a temporary measure, of course, and the journey to the end of the rainbow will resume just as soon as the economy recovers from its first encounter with Socialism. Or, as the French finance minister put it, "the time for gathering the cherries has not yet come." The old carrot-on-a-stick trick.

I have enclosed articles from the L.A. Times & Herald Examiner that I thought you might find interesting. The May 11 Times piece is an excellent example of the behavior of Liberals when confronted by facts. . .

Thank you for helping to open our eyes.

Sincerely,
S.D., California

Have you heard this one?

I am sending you a copy of a letter the Tribune published in their paper; you can bet the kikes didn't like it!

Dear George:

Still reading the Sturdza memoirs. He attributes Germany's defeat to three reasons:

1) Hitler's effort at saving Il Duce after the latter attempted to play World Conqueror in the Balkans. That diverted some 40 divisions from the task of invading Russia. Also delayed it so that winter would overtake him.

2) Very poor treatment of the occupied people—he did not use good psychology with them and exploited them and drove them back into the commie camp.

3) The Canaris Conspiracy, which hatched the 20th of July plot. So many important generals were in on this plot that there could be no hope of secrecy of important battle plans. Sturdza can not figure out why Himmler's agency could not detect this conspiracy, unless Himmler might have been part of the plot himself, perhaps.

Dear Mr. Dietz:

13 July 1982

I have been meaning to subscribe for some time. I am a Vietnam veteran and knew long ago something was wrong with this country. By reading "The Spotlight," "White Power," "NS Bulletin," "Straight Shootin'," "National Socialist" (quarterly), etc., our racial predicament has become clear. From your May and June issues, things have become even clearer. The Jew parasite menace must be stopped cold in its tracks. If the White Race vanishes from this planet, this neat little pebble in the

cosmos will become a dunghill if not vaporized or polluted. If we wake up our Aryan kin, there is a chance that we could maintain our survival and make real progres towards an ideal civilization. White men must focus their attention on our historic enemy, the Jew. Now is the time to expose this threat. My duty, now, is to inform the misinformed. Mr. Dietz, I am proud to relay the ammunition you provide monthly. Glad to be aboard and will support you as often as possible.

Greetings from South Florida. I am writing you today to let you know how much I appreciate your valued work in exposing the evil workings of the Zionists and other Jew scum the world over. I especially enjoy reading the Liberty Bell magazine.

I am sending you a small donation to help you further your wonderful work.

In this envelope you will find a cartoon of the sitting skeleton watching the Jew Boob tube. George, I really believe that this cartoon would make for a great phone booth sticker. What do you think? *[We are now in the process of producing just such a sticker; they should be available shortly. —Ed.]* Could you possibly get me an estimate as to how much 500 to 1000 would cost? I would be interested in ordering 1000 if the price isn't too high. Either a self-stick or a lick-stick sticker would be good.

Anyway, if you have a chance during the next couple of weeks, please look into my proposition. I think everyone will always stop and look at a cartoon in a rest room or phone booth, especially if there isn't too many words to read.

Keep up the good work; we are with you all the way down here.

If I may say so, "The Liberty Bell" has become even better of late with its high quality articles on philosophical and religious matters.

I did some months back send in a letter respecting the article by Narodnikov which was unique in exciting some opposition from me. [This letter was published in our June issue, page 33. —Ed.]

If at any time there should be any convenient opportunity to mention my new booklet "National Socialism: World Creed for the 1980s", a complimentary copy of which I sent to you several months ago, and which is of course a reprint of the article by me in No. 3 of "The National Socialist," it would be very helpful. [We are planning to reprint this article in one of our future issues, if we get permission to do so; meanwhile, the booklet may be obtained from: Colin Jordan, Thorgarth, Greenhow Hill, Harrogate, No. Yorks. To Whom it May Concern:

I am a student at New York University, which, I'm sure you know, has a largely Jewish student body. For two years I have felt the Jews stepping all over me in their attempt to monopolize the University. I can now more fully appreciate those of you who try to stop them from monopolizing our country. Something must be done.

I have recently come across some of your literature and am greatly interested in getting more information. Some of my friends and myself are interested in passing "The Word" on to others who feel like we do at NYU. Who would believe we'd be second class students to the Jews? The time has come for me to take action.

Please send me some sample literature for my own information and some leaflets, bumper-stickers, flyers, etc. to distribute on campus to get people involved in the right cause, to make them aware, before it is too late!

I would also be interested in attending lectures and if anyone informative will be speaking in or around NYC, I would love to attend before the fall semester begins. Any information you can send me is appreciated.

Dear Mr. Dietz:

I truly enjoy your magazine. After wasting years with useless groups such as the John Birch Society, the Voice of America crowd, and the Fuller Evangelistic Association, it is good to hear the elevating truth of White Racial Unity in The Liberty Bell. I particularly enjoyed a report that dealt in part with Rhodesia and pointed out the stupidity of its White rulers who sold out their Race. Maybe you can get information on the condition of the Whites now stranded there?

The Christian religion doesn't fare too well in the magazine, however. The picture of Billy Sunday dancing with a representation of Jesus Christ was pure blasphemy. Sunday was a cheapjack evangelist on the order of Jerry Falwell. I have no respect for either of them and you can lampoon them in any way you see fit. But to mock and ridicule the Savior is to puncture God's name. It's bad luck, Mr. Dietz, it's bad luck.

And, please, no more letters from nellie, slobbering Arminian "ministers" who can't tell enough how much they "love" the murdering Jews. I say send them to the bandit state of Israel and be rid of them.

When I was a kid, we used to open each class with the Pledge of Allegiance. Here's a new pledge, updated to suit the America of the 1980s:

"I pledge allegiance to the Trilateral Commission, and to the Plutocracy for which it stands.

One world, under David Rockefeller, with usury and inflation for all."

'Nuff said?

Dear Liberty Bell:

28 July 1982

My Preferred Choice Bookplan had, as one of its May, 1982, selections, "Holy Blood, Holy Grail," by Michael Baigent, Richard Leigh and Henry Lincoln, who are associated with England's BBC. When I ordered the book, I had no idea it would be more controversial than their outline had indicated.:

"The subject of this book could constitute the most shattering secret of the last two thousand years, a secret linking Jesus Christ with an Arthurian dynasty and the Holy Grail.

"In 1891, a poor French priest discovered something in his mountain village at the foot of the Pyrenees that enabled him to spend the equivalent of five million dollars.

"The secret of explosive and controversial proportions radiates from this little Pyrenees village to encompass the whole of Western civilization. Its repercussions stretch all the way to contemporary politics and the entire edifice of the Christian faith.

"Could Jesus have been married and have fathered children? Is it possible that He did not die on the cross? Does his bloodline still exist, guarded by an international secret society that involved such well-known names as Charles de Gaulle and Andre Malraux?

"However one judges its conclusions, this is a book that reads like a historical detective story and cannot fail to arouse tumultuous interest among readers of history, mysticism and religious puzzles."

The international secret society, the Priore de Sion (Priory of Zion), have goals so similar to those of the Learned Elders of Zion that the authors, while deploring the anti-Semitism associated with Protocols, conclude that it is unlikely that they are not one and the same. It is suggested that a protege could be accepted as the Second Coming!

The US publisher is Delacourt Press, 1 Dag Hammarskjold Plaza, New York, NY 10017. It is a 412 page hardbound for \$5.95 at your bookstores.

After reading Carroll Quigley's "Anglo-American Establishment," it should come as no surprise that the author's research identifies the royalty and nobility of the West as Jewish.

Quigley's book can be ordered from Book in Focus, Inc., Box 3481,

Grand Central Station, New York, NY 10163, for \$20. postpaid.

Best regards,
Mrs. A.F., Florida

The following are letters addressed to Mr. Arthur Rouner, Jr., D.D., Pastor of the Colonial Church of Edina, 6200 Colonial Way, Edina, MN 55436, written by three of our subscribers in response to a letter by Mr. Rouner which was published in our June issue.

Dear Mr. Rouner:

30 June 1982

Having had the opportunity to read your letter as published in the June issue of *The Liberty Bell* magazine, it is my opinion that you were quite unfair with the National Socialist White People's Party in your *ad hominem* argument.

They were trying to tell you that the Jews Oppenheimer, Teller, and Cohen were in great part responsible for the development of a terrible earth-destroying weapon. What the NSWPP brochure neglected to state was even more pertinent, however. Jews are supporters of every anti-Christian scheme ever devised since the Crucifixion, including Communism and Zionism, both offshoots of that Pharisaism we know euphemistically as Judaism.

Your reaction to the truth—with "horror"—is therefore indicative of the general entropy of organized Christianity: Warmongering Jews recently murdering at will in Lebanon can be rationalized by many Christians as the Will of God being carried out by His Chosen People. But let a White man, a Christian who does not believe the self-promotions of Jewry, tell you that the Jews generally misuse that special status accorded to them by unwitting Christians, and it is called hatred, contempt, and abuse.

We have every right, and the obligation in fact, to hate the Jewish enemies of Christ and our Aryan race. We are duty-bound to oppose the conspiracy against God and Man.

I think you might take into consideration that it was a Jewish ploy, viz., the Chosen People hoax, that placed even atheistic Jews in premier positions throughout the Western world. It was also a Jewish plot that overthrew Christian Russia in 1917, i.e., Bolshevism.

If an entire people is guilty—it is guilty.

For Christ, Race and Nation,
Maj. Donald Vincent Clerkin, Euro-Am. Alliance

Dear Mr. Rouner:

19 July 1982

I recently read a letter you wrote to the NSWPP.

First, let me say I am not a member of any organization, religious or otherwise. If you will, I would appreciate you reading this letter instead of destroying it.

I understand the sincerity of your beliefs. I, at one time, had these same
August 1982

thoughts, but became disenchanted with the Blood of the Old Book, and the self-destruction taught in the New Book.

With these thoughts in mind, I would like to ask you some questions, and ask you to read the Bible as I have outlined.

1. Are you aware that the contemporary Jew is, for the most part, Jewish by adoption only? And that very little, if any, blood of the Jew, as depicted in the Bible, remains in their veins?

2. Are you aware that the contemporary Jew comes from Southern Russia, and is descended from Turkic and Mongol stock, and is called a Khazar?

3. Are you aware that the Bolshevik Revolution was planned, financed, and accomplished by the Khazar Jew?

4. Are you aware that the Khazar Jew fought against American troops in our Revolutionary War, and that England was controlled by these people even at that time through the Bank of England, that is Jewish owned?

5. Are you aware that our involvement in all but the Mexican War was caused by the Khazar Jew, in their attempt to control the peoples of the world?

6. Are you aware that the National Council of Churches, and the World Council of Churches, are controlled by these same people, and that the reason for that control is the eventual destruction of all religions but Judaism, and the total mixing of the races?

7. Are you aware of the teachings of the Bible? If so, I'll refer you to chapter, book and verse. Prov. 12:15; James 4:17; Ezekiel 33:1; . .

There are two books you should read, and I think the NSWPP would be glad to furnish you with them if you would but contact them. The titles are: "The Protocols of the Learned Elders of Zion" and "The Talmud Unmasked."

I think, if the Dead Sea Scrolls are ever translated by totally unbiased scholars, you will find Christianity was given to the White Race in particular, for the destruction of the White Race. It seems to me, if the Bible is to be believed, the Jew was condemned by Christ in his time, and by Him, so I wonder how the Jew all of a sudden became "The Chosen", after they killed Him. Even today they reject Him, according to their Talmud, and if the Bible is believed, no one shall enter into the Kingdom of Heaven except through the Son; so how does the Jew remain "The Chosen?"

I care not that you destroy yourself. The thing that bothers me is that you seem to be leading your congregation along this same path of destruction, as so many other men of the Cloth are doing.

I know I'll not be able to influence your thinking to any great degree, I leave that up to you, as you are the only one that can change your mind. To be able to do that, you have to have an open mind, as well as the desire and ability to use it.

Sincerely,
Johnny Lee, Arizona

The Liberty Bell

Dear Sir:

28 July 1982

In the June issue of the monthly magazine LIBERTY BELL, to which I subscribe, I read a copy of a letter of yours that you had written to the National Socialist White People's Party in Minneapolis. It seems the National Socialists had mailed you some literature to be posted on your Church's bulletin board wherein it was stated that the three major scourges of mankind, namely the Atomic, Hydrogen and Neutron bombs, had all been invented by Jewish scientists. You seemed upset that this fact was even mentioned, and took issue because of this stance.

I am vitally interested in the moral and ethic issues of our time, and I do hope you permit to respond to your letter. I can assure you that it is not my intent to denigrate you, however much I may disagree with your reply to the NSWPP.

First of all, I wonder whether you write such letters of abhorrence and revulsion to the ADL or some other such organization when they send you obviously ANTI-GERMAN holocaust propaganda material? I have seen some of that stuff forwarded to Christian churches, and I have yet to read an appropriate reply by a minister where such "avowedly inflammatory and dehumanizing attempt to deride and defame and degenerate a whole people," to use your words, was attacked.

Regarding these nuclear devices, which have all been invented by Jewish scientists, and the impetus to which came from another Jew, namely Albert Einstein, it must be clear even to you that the "ethnic" and religious affiliation of these people was no coincidence. You probably read that before the advent of the Second World War German science was furthest advanced in the research of the atom, yet when the war came, there was something within the hearts and minds of the (real) German scientists that restrained them from perfecting these horrible weapons. And do you know what was this "something?" Their German and/or Christian ethics and morality! The Jewish scientists in the United States obviously had no such restraints. And you want to tell us that this matter should not be discussed? The fact that you think as you do, and misunderstand such fundamental issues of our time to this extent proves to me (again) why Christianity is currently in such a moral dilemma. One does not have to hate to see the truth.

Sincerely,
Hans Schmidt, California

Dear Mr. Dietz:

19 July 1982

Thank you for the books I received from you. They are very interesting. Also thanks for the couple of Liberty Bell and Der Schulungsbrief magazines.

I have to point out one thing, however, which I really don't like in these magazines, and it is definitely anti-Christian character which marks these publications. You have a great responsibility, you can influence a lot of people. Please, do not attack Christianity and especially our Holy Roman Catholic Church, which was founded by our Lord Jesus Christ and

August 1982

is represented at present by our Pope John Paul II, direct successor of St. Peter the Fisherman. Do not attack Vatican, do not attack Holy Inquisition, do not attack Holy Jesuitic Order. One day you will have to answer God Almighty—please, remember it.

The article written by certain Mr. Ralph Perier made me really laugh. Its title was "Jews love Christianity." This is the best joke I ever heard in my life. Jews are fighting nearly two thousand years against Christianity—but they love it. How can it be so? Only imbecile can believe it.

All the best, with the greeting

For Christ and Race,
G.S., Argentina

Dear friends:

28 July 1982

I am Greek and National Socialist. I belong to the organization GOLDEN DAWN. We fight against Jewish Capitalism and Jewish Bolshevism. We demand an independent and united Europe, a Europe of the Aryan Race.

Greece is the bulwark on the edge of Europe against barbarian hordes (Turks). Greece now is in danger not only from slavs but from barbarian Turks. Of course, behind Turkish expansionism in the Aegean Sea is Zionism. Jews covet the Greek islands such as Cyprus and Crete. What is your opinion about barbarian Turks? As you know, the Turks don't belong in Aryan race because they are Mongols.

I want you to send me your magazine and in turn I will send you our publication of GOLDEN DAWN.

With best NS wishes,
G.P., Greece

Dear Mr. Dietz:

9 August 1982

Enclosed is \$5. Please send me 20 copies each of the reprints "Begin's Bloodsoaked Past" and "Remembering Martin Lucifer Coon."

I'd like to contribute an approach I've found very useful in arguing with people about Jewish power in the U.S. I compare the position of the American Jewish community in the U.S. to that of the Communist Party in the Soviet Union. In neither case is their control of their respective society total, but it approaches it.

This technique seems to work when people ask, 'But what do you mean 'The Jews' control America? No small group can control a big country.'

I think it's an analogy that sticks in peoples' mind.

Thanks,
R.M., Missouri

Dear George:

11 August 1982

I want to acknowledge receiving the material you sent. And I want you to know I find it very good reading. I'm from a southern town where I never saw a nigger until high school, then they were my downfall. I've

battled with them ever since. It would be an understatement to say I just hate them.

And now I realize that I have another enemy, "The Jew," because for one reason, they put the niggers where they are now, in our schools, and in some places in our homes. With me being in prison, I have to live right along beside them. But you can believe they know my feelings and they walk well around me.

Well, George, I want to thank you for the reading material and "The Liberty Bell." I'll pass them along when I finish them. And believe me, anything you send will be highly appreciated. You can rest assured that I have no difficulties receiving any kind of material, as long it is straight from the publisher.

Keep up the good work, before long the White people of this country will unite, or they will perish.

Sincerely,

Dear George:

12 August 1982

I am sorry for the delay in answering your quite excellent package of 8 Liberty Bell publications, but due to a stabbing of a nigger, I've been on lockdown, waiting for these people to imprison me even more. I'm now on 23 hour lockdown, except for one hour out for shower, etc.!

Your choice of subject matter is quite excellent and a congratulation on your degree of taste (Heil Hitler!). I really get into "Letters to the Editor," but now I've got to turn to you for help, and to your readers, because any books, or literature, has to be DIRECT FROM THE PUBLISHER; that's a bitch too. Would it be too much to ask if you or your readers could send me a few books that I've listed?

1) Auschwitz; 2) Mein Kampf; 3) Which Way, Western Man?; The Hoax of the 20th Century.

I would be deeply pleased if you could help me spread the word. I would also like to regularly correspond with some of your readers.

Thank you and Heil Hitler!

Dear George:

14 August 1982

It has been some time since I took the time to write you a letter, but in the recent past I have been doing a lot of reading.

Thanks to the American taxpayer, the Jew problem has gotten worse for the world. At first they came into our cities from their Ghettoes, then they took over the money systems, then into the governments, and finally got a whole area they falsely call a homeland, which is nothing more than a safe center for their world corruption. We used to only have the

Communists to worry about, but now with American taxpayers help we have Zionism.

Lebanon is paying for our sins, as did Egypt and all of the Middle East. The Jew (The Arabs' Medfly) MUST BE SPRAYED until they exist no more.

Keep up the good work, but keep an eye open for the Seed of Satan.

W.R., U.S.N. ret., Florida

Dear Mr. Dietz:

15 August 1982

Enclosed you will find \$10 to help in the effort. Also, I was wondering if you might know of anyone with extra copies for sale or possibly any plans to republish the following title:

UNFINISHED VICTORY

by Prof. Arthur Bryant, Publ.: MacMillan, 1940.

This book is beyond a doubt the finest work ever written in English that describes the background and the reasons why the National Socialist Revolution eventually made its way to political power in Germany many years ago. I would like to obtain an extra copy or two, if possible, to occasionally loan to friends in the hope that some of my "boobgeoisie" (as Dr. Pierce might put it) friends might be awakened to our peril.

Always enjoy the articles in "The Liberty Bell" and some of the critical letters sent you which you publish are some real lulus: i.e., the Asst. Pastor of the AME Church in Rhode Island, the fellow whose ancestors were from Heidelberg, and the nut who wrote you as "Dear Fascist." I sometimes wonder where these mentally deranged "yo-Yos" manage to crawl away from under some rock and much less write a letter.

Also, the fellow who signed himself as N.R., Missouri, in the last issue of the "Liberty Bell" certainly hit the nail on the head as far as I am concerned. If racist groups intend to advertise public gatherings and expect the populace to attend, then, as the man said, "if you're going to have a show of strength, then, by God, you'd better have strength to show!" You grow tired of these clown sideshows, as he put it, after a while. It is better to recruit quietly and earnestly and have your meetings in small private groups until the time has been reached to go out into the streets with the strength to control those streets, and then we do the "running off of the trash," as the writer from Missouri might have put it.

Well, I'll close for now and wish you all the best.
